INSURANCE OFFICES

Highly Important to Farmers.
The only Exclusive Farmers' Insurance Company in the West.
THE MADISON MUTUAL,
Located at Madison, Wisconsin.
THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.
All losses promptly paid at the office as soon as proof is made thereon.
We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, only your own of the same class, and all will be on an equal footing.
Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected POSITIVELY by LAW [illegible].
Farmers, look to your own interest, and insure in a Farmers' Company.
We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.
The best of references given as to the responsibility of the Company.

MILWAUKEE MUTUAL
FIRE INSURANCE COMPANY.
Office in Martin's Block, Milwaukee.
Capital over $165,000—in Cash and Premium Notes.
THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2000 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

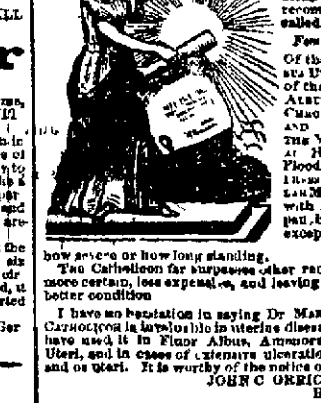
DR. J. B. MARCHISI'S
CELEBRATED CATHOLICON,
For the Relief and Cure of Suffering Females.



IT STANDS PRE-EMINENT for its curative powers in all the diseases for which it is recommended, usually called
Female Complaints.
Of these are PROLAPSUS UTERI, or Falling of the Womb, FLUOR ALBUS, or Whites,—CHRONIC INFLAMMATION AND ULCERATION OF THE WOMB, INCIDENTAL HEMORRHAGE or Flooding, PAINFUL, SUPPRESSED AND IRREGULAR MENSTRUATION, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.
The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.

I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.
JOHN C. ORRICK, M. D.,
Baltimore, Md.

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefitted but one—and that one nothing will help.
Truly Yours,
W. M. LAIRD HAZLETT, M. D.
July 6th, 1854. New Philadelphia, Ohio.

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.
D. Y. FOOTE, M. D.,
Syracuse, N. Y.

Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use; together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

INSURANCE OFFICES

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,

Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c, from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereof.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected POSITIVELY BY LAW [illegible]

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance

DR. J. B. MARCHISI'S

CELEBRATED CATHOLICON,

For the Relief and Cure of Suffering Females

IT STANDS PRE-eminent for its curative powers in all the diseases for which it is recommended usually called

Female Complaints.

Of these are PROLAPSUS UTERI, or Falling of the Womb, FLUOR ALBUS, or Whites,—CHRONIC INFLAMMATION AND ULCERATION OF THE WOMB, INCIDENTAL HEMORRHAGE or Flooding, PAINFUL, SUPPRESSED AND IRREGULAR MENSTRUATION, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition

I have no hesitation in saying DR MARCHISI'S UTERINE CATHOLICON is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty

JOHN C. ORRICK, M. D.,

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefitted but one—and that one nothing will help

Truly Yours,
W. M. LAIRD HAZLETT, M. D.,
July 6th, 1854 New Philadelphia, Ohio.

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.

Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use; together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations

VOLUME XI. MILWAUKEE DAILY SENTINEL. NEW SERIES.

THE DAILY SENTINEL.

Rufus King, Wm. E. Watson & John S. Fillmore,
PROPRIETORS,
[illegible]
RUFUS KING & CO.

Friday Morning, Jan. 5.

☞ For Telegraphic Despatches, See Third Page.

The Sentinel for the Session.

The Legislature meets at Madison on Wednesday the 10th of January next. As heretofore one of the Editors of the *Sentinel* will be in attendance throughout the Session, and furnish daily reports of the proceedings of both Houses, together with such other matters as are of interest. The telegraph line will probably be in operation again, and by this and the increased mail facilities, we hope to be more prompt in our reports than ever before. Abstracts of the Reports of the Departments of State, and of Committees, will be furnished as fast as they appear.

We will furnish the DAILY SENTINEL to subscribers for the Session at ONE DOLLAR for eight weeks, which we trust will be the extent of the session, [illegible] at that rate for any further time.

The Tri-Weekly Sentinel will be sent at 50c. for eight weeks.

The Weekly Sentinel will contain the whole [illegible] as the subscription price is [illegible] per annum, this will furnish an [illegible] inducement for persons to subscribe.

News of the Morning—Arrival of the Asia.

We received at an early hour yesterday morning and immediately issued in an extra, the news by the Asia, which arrived at Halifax on Wednesday, with Liverpool dates to December 23d. Some further and interesting details, received during the day, will be found under the telegraph head. The siege of Sebastopol makes slow progress. The British have gained an important advantage, in establishing a formidable battery on the north side of the Valley of Inkerman. It not only commands the city, but threatens the communications with the country. Reinforcements to the Allies continue to arrive, and there are signs that the Russians begin to despair of holding Sebastopol much longer. Gen. [illegible] for a halt at Inkerman, has been deprived of his command. The Russians assert that but for his too precipitate attack on that bloody morning, victory must have declared for them.

From the tone of the British Ministers, it is evident that they count on the aid of Austria in the coming campaign. France is ready to send as many men to the Crimea as can be transported thither. Both nations are in *earnest*, and will be content with no half-way *measures*. Breadstuffs are very firm with upward tendency, and Consols a trifle higher.

Among the items of domestic intelligence that is of most immediate interest is the announcement of the failure of the Batcheas at St. Louis, for [illegible] *dollars*. Their house did an enormous business and was reputed to be very wealthy. But, to them, as to other heavy firms, the unusual stringency of the money market has proved suddenly and unexpectedly fatal. Our [illegible] sympathies in this disaster, for they had [illegible] friends, our patrons, and customers in our midst. [illegible] has carried down several houses in New York and Boston.

A Rising Market.

For a week or two past Grain has been steadily rising in price in this market; buyers begin to [illegible] again and money and orders are coming [illegible] the East. Yesterday *ten shillings* was readily paid for Spring Wheat and prime Winter would have commanded $1,37½. Pork, too, is in [illegible] demand at improving rates. Our Farmers, who have plenty of both on hand, should improve the opportunity to bring them to market. If the roads are good we anticipate heavy receipts of Grain, Pork, &c., next week.

Lake Shore Rail Road.

On Monday last the Lake Shore Rail Road was completed as far as Waukegan, 40 miles this side of Chicago, and quite a large number of passengers left that city, in the morning for different points along the line. The Chicago and Waukegan papers concur in high praise of the energy with which the contractors, Messrs. STONE & WITT have pushed forward this road, and the punctuality with which they have each opened [illegible] section for business at the time promised. They will extend the road to the State line without delay, and the contractors on the Wisconsin end, are confident of meeting them there [illegible] months.

The opening of the road as far as Waukegan is to be formally celebrated at that town on Thursday next by appropriate festivities. We hope to see our City properly represented on the occasion.

[illegible] IN THE U. S. COURT.—A correspondent writes to ask us how it happens that a person who took an active part in *favor* of Garland, the claimant of Glover, came to be a juror in the Rycraft case, and, after finding *him* guilty, [illegible] found upon the Grand Jury, when, it is said, preparations are being made to [illegible] on charges growing out of the same case.

We can only answer, that we do not know.—With every disposition to do the officers of that Court full justice, and with full faith in Marshal [illegible]'s good intentions, we cannot help the thought, which has occurred to a great many others, that the appearance upon the jury list, of the names of so many loud talkers in favor of the condemnation of the defendants, is contrary to the doctrine of chances, and needs explanation, if we are to have any confidence in jury trials.

[illegible] CITY BANK.—Virginia State Stocks sold in Wall Street, last Saturday, at 97—an advance of [illegible] per cent within the last fortnight. North Carolina 6's must be worth 96@98, and Missouri's 90@91. These are the stocks deposited with the Comptroller for the security of the [illegible] with the Comptroller for the security of the bills of the City Bank, and with the interest coupons (due Jan. 1st) in his hands, and the personal bond of Messrs. Kneeland, Henning & Hull for $12,000, ought to make the money worth very nearly, if not quite *par*.

[illegible] CITY BANK.—The Oshkosh *Democrat* says that Doct Henning, the proprietor, says the [illegible] of the bank are small, and pledges [illegible] to his *friends*, that every dollar of his [illegible] private property shall be appropriated to the payment of depositors, and is confident of soon being able to satisfy all the creditors of the bank.

THE STATE PRISON COMMISSIONER.—We learn by a gentleman from the country, that a number of affidavits have been made, and forwarded to the Governor, asking the removal from office, of A. W. STARKS, State Prison Commissioner, at Waupun, and that an appointment was made by the Governor, to meet the complainants and [illegible] the matter to-day at Waupun. We publish this as an item of news; at the same time remarking, that up to the present time, all whom we have heard speak of Mr. Starks, have given him the character of a kind-hearted man, and an efficient officer, and every prisoner who has returned to the city, accords to him the credit of enforcing discipline with kindness.

VALUATION OF WINNEBAGO CO.—The total assessed valuation of real and personal property of Winnebago County is $876 554,11, the valuation as *equalized* by the State Board is $1,4[illegible],766.

Slavery in Kansas.

"Slavery can never go into Kansas," urged the advocates, or apologists of the Nebraska Iniquity, "soil, climate and public sentiment alike forbid it." "You are fighting a shadow—you are clamoring for an abstraction," said they, in answer to the urgent demand of the opponents of the bill that Slavery should be *prohibited* in the new territory. What between Southern Aggression and Northern Doughface-ism, the bill became a law. The barrier erected against the incursions of Slavery by the Missouri Compromise was torn down and trampled under foot—Kansas and Nebraska, two vast and fertile territories, originally dedicated to Freedom were thrown open to Slavery.

The fruits of this crying iniquity begin to develope themselves. In order to elect a Pro-Slavery Delegate from Kansas, a thousand or two Missourians, armed to the teeth, cross the border, take possession of the polls, carry the day by fraud and force, and hail the result as the vindication at once and triumph of "Popular Sovereignty." This is the first chapter, and the second will be like unto it. A correspondent of the Louisville (Ky.) *Intelligencer*, writing from Salt Creek Valley, Kansas, thus speaks of the late election and what is to come of it:

> The slavery question in the election here was *the main, and indeed the only issue.* The old distinctions of Democrat and Whig were entirely obliterated and lost sight of. In the choice of a candidate, more than ordinary shrewdness was exhibited by both parties.
>
> * * * * *
>
> We have no fears that they will ever recover their loss, and successfully rally their shattered forces. Make the attempt they undoubtedly will, and on paper they will muster an array formidable indeed, seeming irresistible,—but it will be only on paper; and, having acquired a knowledge of their tactics, we shall not be greatly alarmed. Already has our party, by its victory, gained a strength double what it possessed two months ago. Public opinion which, greatly to our injury, has long been vacillating, is now confirmed in our favor.
>
> Newspapers, even in Missouri, even in Kansas which have, to the extent of their little power frightened slaveholders from our borders, will become, with the auspicious change in our prospects, more loud, lusty, clamorous, and saucy in our behalf than if they had from the first remained our friends. *Immigrants will no longer hesitate to bring their slaves into Kansas,* where the colonization projects of the East, being thus thwarted and discouraged, will languish and eventually die, although they may, for a brief interval, be aroused to a morbid unnatural, and fatal activity.
>
> * * * * *
>
> To the world we have shown that, in the fierce struggle for the last fragment of the boundless territory of Louisiana over whose immeasurable resources the heart of Jefferson pined till they were secured to the United States, we are likely to bear away the noble prize. We have given a foreshadowing of what shall take place hereafter—*that Kansas will ultimately, inevitably become a slave State.* Immigration hither will now, we trust, be encouraged, of such citizens as we shall be pleased to welcome among us. Upon every man, who has migrated from Kentucky or Missouri, we now know we can count, despite the affirmations of the freesoilers to the contrary.

Such is the result of nationalizing Slavery and throwing open the Territory of Kansas (hitherto protected by the Missouri Compromise) to the propagandists of the "peculiar institution." Slavery will be permanently established in Kansas, and Kansas by and bye, seek admission into the Union as a Slave State, unless the Free North & West unite to stay the progress of this desolating flood, by prohibiting slavery in all Territories of the Republic and resolutely refusing to admit any more Slave States into the American Union. Shall not Wisconsin maintain a firm, unbroken front on this momentous question? Will not our Legislature, soon to meet, make choice of a man to represent us in the U. S. Senate, who may be relied upon, under all contingencies, as FAITHFUL TO FREEDOM?

Interesting Statistics.

The New York *Herald* of the 31st ult., has various interesting statistics of the year 1854. We condense the following for the *Sentinel*:

The names of 84 Revolutionary Soldiers who have died during the year are given.

The names of 47 persons who have died over 100 years old. The ages of several of these are stated at more than 140 years. Twelve were negroes and slaves; one of them, a slave, aged 105, having been murdered. The oldest was a free colored woman, aged 146, who died at the Mobile Hospital, her age being certified from that institution.

An interesting record of the fires in all parts of the Union, where the damage exceeded $20,000 is furnished. The amount of property destroyed in each month is as follows:

January,	$2,252 000	July,	$3,270 000
February,	1,668 000	August,	4,41[illegible] 000
March,	1,221 000	September,	709 000
April,	1,910 000	October,	1,040 000
May,	393 000	November,	937 000
June,	895 000	December,	1,860 000
Total,			$20 573 000

The number of murders was 682, and of executions 84. New York leads all the rest, the number of murders being 74; California comes next, with 64,—then comes Texas (50), Virginia (45), Louisiana (47), Kentucky (46), and Ohio (43). Total murders in the Free States 390.—Wisconsin is set down for 8 murders and 1 execution. We think the number of murders is probably correct, but there has been no executions, unless the lynching case in Waupaca Co. was counted as such.

The number of steamboat accidents was 48, with 587 *killed* and 225 *wounded*, against 319 killed and 158 wounded in 1853, a large increase.

The number of railroad accidents was 193, with 186 *killed* and 589 *wounded*, against 234 killed and 496 wounded in 1853—a decrease in the number killed.

The number of lives lost at fires during the year was 171.

GRAIN PORTS.—The Buffalo *Democracy* corrects the statement of the Chicago *Press* concerning the relative business in grain at various ports of the world, which, giving Chicago a business of 13,726,728 bushels, claimed for that city the first rank in the world. The *Democracy* makes the aggregate receipts at Buffalo for the year 1854, 22,561,926 bushels, and adds

> Now the receipts at Chicago and at Buffalo are in character precisely alike. Chicago, however, claims that hers are "*primary*," and that she is, in the language of one of her citizens addressing the editor of the *Albany Argus*, "the greatest primary exporting port." She is not a bit more so than Buffalo is. When Wheat was wagoned into Chicago, and before the completion of the Illinois Canal, and of the several Rail Roads that run into the city, she was a primary port, as Sheboygan or Grand Haven now are. But these works wholly changed the character of her trade. They made Chicago the receiving depot, for a large number of outside purchasing towns. The entire northern and middle parts of the State, are dotted with Grain markets, convenient to rail-roads, rivers, and a long canal, where wheat, corn, oats, rye, and barley are primarily bought, and thence sent second handed to Chicago. Chicago is related to the Agricultural produce of Illinois, solely in the character of a Storer and Forwarder. She is not a "primary receiver" of Breadstuffs, and has not been since grain ceased to be wagoned into her streets from all parts of the State. Buffalo is related to the several ports on the Lakes, precisely as Chicago is to the several towns south and west of her on the Illinois Canal, the River, and the Rail Roads.

STEAMER ON THE NEENAH.—The Appleton *Crescent* states that Capt. Powers, of Buffalo N. Y. has purchased the hull of a steamer commenced some time since, and intends to complete it by next spring for the passenger and freight trade on the river.

SAUK COUNTY BUILDINGS.—The people of Baraboo are about to pay $2,500 towards the erection of the county buildings at that place. The Court House is to be 46 feet by 66, two stories high, and built of light colored brick, similar to the article in use here.

☞ The exports from Milwaukee alone this year, it is said, will reach the large sum of $5,000,000. The aggregate exports of Wisconsin, during the same period will reach $10,000,000.—Buffalo Democracy.

A closer glance at our article would have shown that the exports from this port were nearly $6,000,000, and from the State about $15,000,000.

Illinois—the Legislature—Governor's Message.

The Illinois Legislature assembled at Springfield on Monday last. The "democrats," being in a minority in the House tried to defeat an organization the first day, by staying away.—In this they succeeded, but on Tuesday, a quorum being present, the candidates of the Whig and Republican caucus were all elected, viz.—THOMAS J. TURNER, of Stephenson County, Speaker; Mr. Bridges, editor of the Lasalle *Watchman*, Clerk; Mr. Thomas, of Fulton, Doorkeeper. It is said that the Senate is equally divided on the Nebraska question, but on joint ballot there is an Anti-Nebraska majority. The prospect is fair for the election of a decided and uncompromising Anti-Nebraska man to the U. S. Senate, in place of Gen. SHIELDS, who follows the lead of his colleague, Senator DOUGLAS, in support of the Nebraska Iniquity.

The Governor's Message is published in the Chicago papers. It is short, (less than three columns) practical and wholly confined, as it should be, to State affairs. It gives a flattering picture of the growth and prosperity of Illinois, pays a merited tribute to the managers of the Great Central Railroad, for the energy which they have displayed in pushing forward that work, expresses the confident opinion that by the 1st of June, 1870, Illinois will be the *first* State in the Union, "in point of population, intelligence, and the great facilities for business of all kinds;" states the aggregate outstanding debt at $13,993,615, and adds, that besides paying the annual interest, Illinois, in the last two years, has redeemed $2,750,037 of her debt.

New Plan of Lake and Harbor Improvement.

"Mr. Stuart, of Michigan, has laid before the Senate a novel measure, in the shape of a bill making appropriations for the improvement of Lake Harbors. The plan of the bill is, to appropriate a specific sum to be expended for the purposes named, in each of the Great Northern Lakes, without designating the particular point where the contemplated improvements are most needed. This plan avoids the objections to log-rolling schemes, and it is believed can be readily carried out if the Lake members of Congress will unite their efforts in its behalf. Mr. Stuart also proposes to give the War Department power to contract for the construction of the works decided upon."

So *that* is the brilliant plan struck out by the friends of the Administration for giving the people dwelling and doing business around the great Lakes their rights. So far from "avoiding the objection to log-rolling schemes," it is just so much the worse than direct appropriation in a general bill, in that it opens up a new and narrower field for bribery, corruption, and log-rolling with the Cabinet and Engineer officers in charge of the locality.

THE GOVERNOR OF NEBRASKA, AND LAND SPECULATIONS.—The Nebraska City News of December 9, makes the following publication. The key to it is that the Cleveland (O.) Morning Leader had charged extensive land speculation upon acting Governor Cuming, Senator Douglas, Bird B. Chapman, and J. W. Gray, (editor of the Plaindealer, Cleveland.) This charge the Plaindealer denied. The proof is thus adduced, and if the letter is genuine, the proof as to Cuming is conclusive:—

TO THE PEOPLE OF NEBRASKA.—The following letter has come to our hands, and we vouch for its authenticity. It can be proved by the testimony of Major George Hepner and the whole Iowa Senate to be his own handwriting. It needs no comment from us. The original can be produced, if wanted.

Omaha City, Saturday, Nov. 25 1854.

DEAR GRAY:—Your paper received; I have only time to write a few words. I never forget my friends, and furthermore, have always succeeded thus far in my efforts to serve them. The Capital [this is strictly private] will be located, if I control it at Omaha City, and there is every prospect that it will be the greatest city in the West, between the Mississippi and California. Furthermore it will stay where it is put; rely on that. Also, on the election of Chapman to Congress. Something may possibly turn up to disappoint me, but I have no fears. I have made the proprietors of the town DEED some extra lots to my friends.

You have been a pillar of the Administration, and the combinations, and faithful to Western rights; on that account, and being personal acquaintances, I am yours intimately, and always with you in spirit. In a few days I shall have the pleasure of sending you the papers, putting you in possession of an interest in the capital worth now from $3,000 to $5,000, and of an indefinite value hereafter, after the location.

This will be a guarantee by the proprietors of the town. For the last few days I have not had a moment till now to reply to a score of letters, my room having been filled with a succession of delegations on the Capital question, armed with alternate bribes, threats, and solicitations. Excuse haste.

Believe me ever yours,
(Signed) T. B. CUMING.

WATER CURE ESTABLISHMENT AT MADISON.—One of the editors of the *Wisconsin*, who has recently visited Madison, writes the following in relation to Dr. Gross's new water cure establishment:

Lake Side Water Cure Establishment is not among the least of the improvements of Madison. I visited the grounds selected for this Institution, and pronounce them the most charming location for the purpose, in the whole Union. It is a beautiful, elevated, and undulating Oak Grove of 50 acres, situated immediately across lake Monona, two miles from the Capital House, by a most delightful drive round the beach of the Lake, or one mile by ferry, and commands a full view of the lake and town. The main building will be only 300 feet from a beautiful and pebbly shore, and capable of accommodating 100 patients. It is already up and will be ready for the reception of guests early in June next. James E. Gross, Physician to the institution, comes to Wisconsin as one of the best of hydropathists. This Institution is justly one of the pets of Madison, and an honor to the State. As a summer retreat it must be the *ne plus ultra* of the West.

BOAT BUILDING.—Among the business improvements at Howard in the vicinity of Green Bay, is [illegible] for extensive Boat Building for the [illegible]. Already a Boat Shop [illegible] the River and [illegible] feet, is in operation, 2 stories high and some 24, by [illegible] ration, and will be extended to meet the increasing wants of the business. Two large class Barges have been built for the Spring trade, and one boat is now on the stocks, which is intended for a Propeller and Tow-Boat.—[Appleton Crescent.

"Old Bullion" in Philadelphia—Relief for the Poor.

Philadelphia, Dec 30.

Col. Benton's lecture at the Musical Fund Hall this evening, drew an immense auditory, and his remarks were received with frequent and hearty manifestations of applause. The proceeds of the lecture are to be applied to charitable purposes.

Arrangements are on foot in this city for a public meeting to devise means for the relief of the poor.

IMMIGRATION.—The Annual Report of the New York Commissioners of Immigration shows the following places of nativity of the 313,747 immigrants arrived at that port in the year 1854, the excess over the previous year being 30,415:

Ireland	79,004	Portugal	[illegible]05
Germany	166,723	Belgium	[illegible]35

☞ The Buffalo *Democracy* makes another appeal to us in relation to its "credit mark." We urged "*Mil. Sent.*" as a model of brevity yet full enough, whereupon our cotemporary say.:

> If there were a paper published in your city called the *Millenial Sent'or*, or the *Militia Senturion*, or the *Sentimental Millerite*, then the credit "*Mil. Sent.*" might not be considered specific, and ours is precisely that case.

The argument is strong; but we have another objection to printing your name in full. Our readers have become so accustomed to associate the ideas of "democracy" and full-fledged locofocoism, that we have conscientious scruples about issuing your good things under any such name!

GLAD TO HEAR IT.—Several of our Eastern Exchanges mention that considerable amounts of money have been remitted from Europe and sent into Wisconsin, Illinois and Canada to purchase provisions for the Allied Army in the East. The Oswego *Times* says, "a considerable quantity of Bank of England notes have been sold lately in this market, and it is thought they were sold by the parties concerned in these Western purchases. It is known that several Greek firms have had agents in this city for the purchase of grain and provisions, and as the Greek merchants transact their business with extraordinary secrecy and closeness, there is little doubt but that those transactions have been made by them."

There is plenty of Grain, Beef, Pork, &c., in this State, and a first-rate chance to buy at rates quite low compared with the Eastern markets.

☞ Col. Webb, who has lately returned from England, after a visit of some months duration, declares through the columns of his paper, the New York *Courier and Enquirer*, that he is "persuaded that the prevalent belief that England and France are hostile to the purchase of Cuba by the United States, is an error. On the contrary"—he continues—"the best men in England would be pleased to see it peaceably transferred to the United States, in the full conviction that until the island becomes ours it will be morally impossible to put an end to the accursed slave-trade."

A Large New York House Fallen.

Dispatches received in this city last evening, stated that Messrs. Wadsworth & Sheldon, Bankers Wall street, New York, had stopped payment. They were a very heavy house; but what was the amount of their liabilities have not transpired.—No news beyond the mere fact of their failure was received.

They have a very wide circle of correspondents, and doubtless some of them will be seriously crippled in their business. So far as we could learn last evening, only two of our principal banks had kept portions of their accounts with this house. The accounts of the Marine Bank are very nearly balanced. We learn that there is a difference of less than a thousand dollars either way.

The Exchange Bank of H. A. Tucker & Co., kept their account with Messrs. Wadsworth & Sheldon, and Duncan, Sherman & Co., and the failure of the former House cannot affect the business of the Exchange Bank in the least. Messrs. Tucker & Co., received a dispatch last evening stating that Duncan, Sherman & Co., would protect their drafts *in transit* on Messrs. Wadsworth & Sheldon, thus showing their confidence in the strength of H. A. Tucker & Co., and their willingness to protect our business community from any inconvenience on account of the failure of Messrs. Wadsworth & Sheldon.

For several years Messrs. Wadsworth & Sheldon have been the Agents of Illinois in New York, and the people will look anxiously for further information, in order that they may know how far the interests of the State are likely to suffer. They have always maintained a high character for integrity and financial ability, and we are disposed to attribute their failure to one of those storms in the financial world before which the strongest are often forced to yield.—[Chicago Dem. Press, Jan 3d.

THE IMPROVEMENT COMPANY.—The extensive warehouses &c., now in course of construction by the "Fox River Improvement Company" at Howard, opposite Green Bay, are worthy of a passing notice. We hope to be able to record much of like character during the coming year.

For several months past some of the best workmen in the State have been engaged upon the warehouses, &c., and some of them will be in readiness at the opening of River navigation, the largest, a building four stories high, and fifty by eighty feet, will be in readiness for the Fall Trade. This warehouse is to be furnished with elevators worked by steam.

The Dock is to extend into the River 275 feet and down the River 196 feet, furnishing nearly 500 feet of wharf.

In addition to the above, the timber is already upon the ground for a building 40 by 60 feet, which is to be used for Stores, and the offices of the Company. The Dry Kiln turns out 10,000 feet of seasoned Lumber "at a heat," and everything is to be constructed in the most finished and substantial manner. The Company will soon commence their Warehouses at other points, and the future promises well for Northern Wisconsin.—[Appleton Crescent.

HORACE GREELEY COMING.—A letter has been received by B. F. Hopkins, Esq., corresponding secretary of the Madison Institute, from Mr. Greeley, in reply to a letter inviting him to lecture in this place, before the Institute. He accepts, and writes that he will be here some time in March. There is no man in the United States who will attract so large an audience in this state as Mr. Greeley, and we are glad the society has succeeded in inducing him to visit Wisconsin.

John G. Saxe, the poet, has also consented to deliver a poem before the Institute during the winter.—[Madison Journal.

VERDICT AGAINST N. L. W. & P. R. ROAD.—The jury yesterday brought in a verdict against the New London, Willimantic & Palmer Railroad Co., and in favor of Crocker, the plaintiff, of eight thousand two hundred and ninety-one dollars. The Court was of opinion that the sum was too large, and sent them out again. They subsequently came in with $7,250. But the Court considered this rather excessive, and sent them out once more. This time they brought in $6,500, which was accepted and entered as the final award.—[Norwich Courier, 28th.

TO FOX RIVER.—The "last rail" on the Illinois and Wisconsin Railroad between this city and Fox River, was laid yesterday. Fifteen miles more of the track remains to be put down, when the road will reach Woodstock, fifty miles from this city. It is the intention of the contractors to finish it to that point during the present month.—[Chicago Dem. Press January 3.

NEW CHURCHES.—On Sunday, the 6th proximo, the Rev. Dr. Cooke, of this village, is to dedicate a new [illegible] Methodist Church at Fox Lake, Dodge Co. On the same [illegible] day, Rev Prof. Cobleigh, also of Appleton, is to dedicate [illegible] at Rosendale, Fond du Lac County.—[Appleton Crescent.

CITY MATTERS.

UNITED STATES COURT.

JUDGE MILLER PRESIDING

Thursday, Jan 4.

Robert Ellis et. al vs. Edgar P Doane. Judgment for $705,61. Stewart & Bloodgood Plffs Atty.

George G. Sampson et al. vs. Henry S. Weil et. al. Judgment for $595,54. Finch & Lynde Plffs. Atty.

George P. Pierce vs Nelson McNeal. Benj. Newhall Plff. Atty. Emmons & Van Dyke Defts Atty. Jury sworn this morning and trial now in progress.

We clip the above from the *News*, being the proceedings up to 2 P. M., yesterday, being unable to obtain any information from the Clerk as to what transpired afterwards. Of course no one about town is interested in anything going on after 2 P. M. The system of exclusion practiced in that "sacred circle," is decidedly rigid.

It was understood last evening that the persevering efforts of the District Attorney have been successful with the Grand Jury in getting indictments against Messrs. C. K. WATKINS and BYRON PAINE, and probably also Messrs. A. H. BIELFELDT, HERBERT REED, H. HUTCHINS, J. H. PAINE and Dr. WOLCOTT, and, in addition, that there was a strong probability of indictments against three or four gentlemen from Racine.

The prospect seems fair for a good time in the U. S. Court. The people are looking on quietly, meanwhile, while the Court "piles up wrath," &c.

Police Court—Jan. 4th.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE

John Roach, a boy 15 years of age, was brought down from jail by constable Kessler, charged with stealing a hatchet of the value 62 cents, the property of Herman Schwarting. The property was taken from the fire at Schwarting's house.—The defendant stated that he had been but two months in the country, and owned that he took it, but did'nt know it was wrong. The Police Justice held the case open, and discharged the defendant, cautioning him that in case of any bad behaviour he would be arrested and imprisoned.

A warrant was issued against John Betchel for assault and battery upon Peter Borngasser on the 3rd of January. The applicant had his head bandaged, with both eyes blacked and one of them cut.

The whole number of City warrants issued during the year 1854, together with city summonses, is 151; of these there are, for violating the hay and wood ordinance, 14; obstructions on sidewalks and leaving teams unhitched 44; violating liquor ordinance 11; violating the ordinance to prevent gambling and other disorderly practices 41; Nuisances 8, for disseminating contagious diseases 4, violating bridge ordinance 18, weights and measures 1, injury to bridges 2. Summonses issued in which the city was a party, 5. The number of fines remitted by the Common Council 3. The whole amount of penalties and justice's fees collected in city cases $346,00.

More Fires!—Incendiaries About!

There were three alarms of fire on Wednesday night, the first one arising from a defective chimney in the house adjoining St Gall's (Roman Catholic) church on 2d street, the fire being speedily extinguished.

The other alarms brought out the Department, and almost at the same time two building were found to be in flames, one on Market Square, a long frame building, occupied by several families.

The other building, on Main Street, near Wisconsin, was a frame, occupied as a paint shop below and by a widow woman above, as a dwelling. Both fires were confined to the buildings in which they originated, and which were totally destroyed, with most of their contents, turning out into the streets in an inclement night, a number of poor families whose wants should be cared for by the benevolent.

The building on Market Square was owned by Mr. UPMANN, and occupied by the following families:

Mr. Sing his brother, wife and mother.
Peter Casey, wife and 4 children.
Mrs. Morris, and 2 children.
Mrs. Cauley, and 2 children.
Mrs. Maidenhoff, and 3 children.
Mr. Parsons and wife.

We cannot learn that there was any insurance on any of the property—the total loss may be $4,000.

Mr. Blanchard, the painter, in the building on Main St., lost about $300. The building was of little value, say $200, and owned by Mrs. Lowry—no insurance. Mrs. Smith, who lived in the apartments above, is an industrious widow woman, and has lost all that she had, some $500 in furniture and clothing. She has earned her living by stitching books and pamphlets for printers, among other things, and our compositors, on learning of her loss, made up a purse for her amounting to some $15,00.

Some of these fires are beyond a doubt the work of incendiaries, and we trust that a reward will be offered for bringing them to justice. We trust, also, that the Common Council will take immediate action in regard to another matter. Our *Fire Companies are not half manned*, and it is with difficulty that the machines are dragged to fires, and the work afterwards is too much for the few members of the Companies, it being next to impossible to obtain a sufficient number of volunteers to work the brakes. The Board ought to authorize the officers of the Department to hire by the hour, a sufficient number of men to keep the brakes in constant motion. We hope that this will be attended to at once.

AN APOLOGY.—We have one to make, and here it is.

We noticed yesterday the fact that a gallery of paintings of a remarkable [illegible] character was on exhibition in Ludington's Block, in a certain room. It was true. The pictures were there, in our counting room, and they were of a decidedly remarkable character. The fact is, that our business partner levied, some six months or more since, for debt, upon the effects of the Atlantic Museum. It is a wonder that he did not seize upon the skeleton of the whale, but he did seize upon a dozen paintings purporting to represent the Presidents, and others. We supposed them long ago consigned to the tomb of the Capulets, but, to our great indignation, found one of them, a caricature of General Scott, whom we supported for Pr[illegible]dent, in *our* room one day last week. It was ugly enough when covered with dust, but the nice points of ugliness did not fairly come out till the picture was brushed up. Seeing this with 12 others, each uglier than the other, hung up in our counting room below stairs, we determined to have redress, and we trust that our forty or fifty lovers of the fine arts who called yesterday to examine the gallery will excuse the liberty which we took with them. We are sure that they never saw a more remarkably ugly set of paintings *framed*.

COMMON COUNCIL.—A meeting of the common Council took place last night; the principal business related to City Taxes. One of the Aldermen from the third Ward being absent, we observed his chair was filled by a person [illegible] affected by the *tight* times.

MILWAUKEE ENGINE CO. NO. 1.—The Annual Meeting of Engine Company No. 1, for the election of Officers, will be held at their house *this* evening at half past 7 o'clock. The punctual, and general attendance of the Members, Honorary as well as Active, is particularly desired.

BATHING AND HAIR-DRESSING SALOON.—Wm. B. Hall has taken the Saloon in the basement of Miner & Faries Brick block, on Wisconsin Street, heretofore occupied by Geo. R. Symes, and intends to keep up the reputation which the establishment has acquired under Symes administration. See his card in our advertising columns.

NUMBERS ON THE HOUSES.—Persons desirous of witnessing the improved appearance of a street when the houses are numbered, should take a walk on Main Street, where the numbers already reach 450. Mr. Thomas does his work neatly, as well as substantially, and we are glad to notice that the Numbers have been very generally taken by occupants of dwellings on that street. We understand that Milwaukee Street will next be surveyed and numbered.

FIGHT AND ARREST.—A man named Henry Falkner, a sailor was arrested by officer Meyer and taken to jail last night for being drunk and fighting on Walker's Point.

SACK COMPANY.—The Members of this Company hold a meeting for the election of officers at their house, on Main Street *this* evening, at 7 o'clock.

☞ The weather turned a sharp corner during Wednesday night and yesterday, the air was as keen and cold as need be. The mud is frozen solid.

SERIOUS ACCIDENT.—While five workmen were employed on a scaffolding, yesterday afternoon, in Nazro's new store, by some means the scaffolding gave way and precipitated all five to the ground. Four of the number escaped with slight injuries, but the fifth, George Desforges, Sexton of St Pauls Church, had his thigh broken in two places. Medical attendance was immediately procured and the broken limb skillfully set by Dr. WOLCOTT and HATCHARD. The patient, we learn was doing well last evening.

Nebraska Election.

The last Council Bluffs Bugle gives the result of the election for delegate to Congress in Nebraska, complete, with the exception of one small precinct in Burt county. The footings are as follows:

COUNTIES	GIDDINGS.	JOHNSON.	CHAPMAN.	DYER.
Douglas,	66	108	7	20
Cass,	111	3	13	1
Pierce,	132	7	49	0
Forney,	28	0	14	0
Richardson,	14	0	10	0
Washington,	16	13	5	0
Burt,	24	0	12	0
	391	131	110	22

Dodge county gave 15 votes, for "Hollister."

In regard to the politics of the candidates, the Bugle—a strong Douglas print—says that "Giddings calls himself a democrat, but was recently defeated in Missouri, as the Benton anti-Nebraska candidate for Superintendent of Common School. Not only is he *opposed to the national administration*, which gave Nebraska a territorial existence and to the law for its organization, *but also to the great principle of popular sovereignty.*

"Hon. Bird B. Chapman stood for a time before the people as a prominent candidate. He was endorsed by the national administration, by Stephen A. Douglas, Cass, Dodge, and other distinguished democratic statesmen, as a man of superior ability, unquestionable integrity and the most reliable democracy."

We are glad to infer from all this, that the People of Nebraska, when left to themselves, and not overborne by imported voters from neighboring States, have declared against PIERCE and Pro-Slavery Democracy.

A STAMPEDE.—On Friday night last, sixteen human chattels from the "Sunny South" came up on the underground railroad on their way toward the "North Star." The owners, or their agents, arrived in this city soon after, and were taken to a house on the North Side by one who professed to aid them in their efforts to recapture their freed humanity, and employed them in a fruitless search. While thus engaged the train was fired up on the eastern branch of the U. G. R. R., and the fooled slave hunters awoke to the astonished fact that it was "too late."—[Chicago Democrat.

The New Judges.

The oath of office was administered to Judge COLLINS of this circuit, yesterday, in the office of the Secretary of State, by Hon. GEO. W. CATE. The oath of office was then administered to Hon. S. S. N. FULLER, judge elect of the VIII Judicial Circuit, by Judge COLLINS.—Madison Journal.

ANOTHER CHURCH.—It will be seen, by the notice in another column, that the Episcopalians are preparing to build a Church in Appleton.—Although not numerous, the communicants of that denomination are among our best citizens.—[Appleton Crescent.

Better receipts yesterday, and a better feeling in the market generally. Money has begun to make its appearance in market from the East, with which to purchase produce, and some orders have been received. In the streets, $1,25 was paid freely for Club Spring, and Winter brought 1,28@1,32. The steamer's news was received yesterday morning, being a week later, and breadstuffs firm at last quotations. We notice sales yesterday from store of 500 bbls superior No. 1 Flour at $5,50, and 4,000 bus mixed Wheat free on board at 1,16, and 1,080 bus do at 1,25.

Barley—small sales at 75@76

We learn that the schooner *Dewitt*, now in port, is chartered for the first two trips on the opening of navigation at 26c for both, or 16c for each trip.

Chicago Market, Jan. 2d.

The Grain market has been more lively during the week, particularly in Wheat; but it is quiet to-day, our city millers not manifesting much desire to operate at present prices, and the market is sparingly supplied, prime Spring can be bought to day for $1,15. Corn market unchanged; no demand for distilling, and 44a45c ℔ 68 lbs, being the highest paid to warehouse. Little doing in Oats or Rye. Barley sells at 50ca1,05, some prime going at the latter figure to-day.

In the Provision market there is little change. In Pork there is a moderate business, demand chiefly being to fill eastern orders, and $3,75 is the highest being paid for heavy dressed Hogs—$3,50 for light.—*Tribune.*

STATE HISTORICAL SOCIETY.

The annual meeting of the State Historical Society was held last evening, at the Office of the Secretary of State. The reports of the letters which had been received were listened to, several new members joined, and the yearly election of officers took place. The following is a list of the officers elected:

President—Gen. Wm. R. Smith.
Vice Pres't—Geo. R. McLane, I. A. Lapham, Nelson Dewey, Cyrus Woodman, A. G. Ellis
Rec. Secy.—John W. Hunt.
Cor. Secy.—Lyman C. Draper.
Treasurer,—O. M. Conover,
Librarian,—S. H. Carpenter,
Curators,—L. J. Farwell, Beriah Brown, D. Atwood, D. J. Powers, Simeon Mills, J. P. Atwood, J. T. Clark, D. B. Durrie, John Y. Smith, H. A. Wright.

The meeting was characterized by great harmony, by a generous interest in the objects of the Society, and by a laudable determination to render it worthy of that interest, and the patronage of the State, which has been bestowed upon it.

The library has increased within a year from 90 volumes to over one 1000 volumes, all of the most valuable nature—official records, newspapers, ancient and rare books, &c. A number of old maps, showing the condition of the western country from twenty-five to 150 years ago, medals, paintings, &c., are among the collection of the Society.

Without making invidious distinctions among those whose labor has established the Society, we may mention that to the interest, the industry and care of Lyman C. Draper, Esq., it is indebted more than to any other individual, for the high measure of success which has crowned its efforts.—[Madison Democrat.

NEW COUNTY OFFICERS.—On Monday, the 1st instant, our new County Officers, Dewey K. Warren, Sheriff; Wm. R. Williams, Register of Deeds, Samuel A. Barstow, Clerk of Court; Wm. Sopar, District Attorney; H. N. Davis, Treasurer; and Owen McMahon, Clerk of the Board of Supervisors, were duly inaugurated, and commenced their official duties. A better or more competent set of county officers cannot be found in any other county in the State.—[Waukesha Plaindealer.

NATIONAL LOAN FUND
LIFE ASSURANCE SOCIETY,
LONDON.

CAPITAL, - - - $2,500,000.
Guarantee Fund, $100,000, *Deposited with the Comptroller of the State of New York.*

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, while it in no way interferes with, or undervalues these important institutions, has claims which no other system of insurance can have. Human existence must on consideration, enjoy a much higher estimate than worldly property.

While the representative of a family lives, (although, through neglect to insure his *property*, he becomes bankrupt,) he supports his family; but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comforts during life.

If young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the *premium* is not increased.

Clergymen and others who have a stated and regular income, *should insure*, well knowing that, at their death their families may be left destitute.

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, *should insure*.

The farmer who has still a mortgage on his farm, *should insure*, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

THE DAILY SENTINEL.

Rufus King, Wm. H. Watson & John S. Fillmore, PROPRIETORS, UNDER THE FIRM OF RUFUS KING & CO.

Friday Morning, Jan. 5.

For Telegraphic Despatches, See Third Page.

The Sentinel for the Session.

The Legislature meets at Madison on Wednesday the 10th of January next. As heretofore one of the Editors of the *Sentinel* will be in attendance throughout the Session, and furnish [illegible] reports of the proceedings of both Houses [illegible], with such other matters as are of [illegible] readers. The telegraph line will probably be in [operation] again, and by this and the increased [mail] facilities, we hope to be more prompt in our [illegible] than ever before. Abstracts of the Reports of the Departments of State, and of Committees [illegible] will be furnished as fast as they [illegible].

We will furnish the DAILY SENTINEL to subscribers for the Session at ONE DOLLAR for eight [weeks], which we trust will be the extent of the [session], and at that rate for any further [time].

The [illegible] WEEKLY SENTINEL will be sent at 50c. [for] eight weeks.

The WEEKLY SENTINEL will contain the whole [illegible] as the subscription price is [illegible] per annum, this will furnish an [illegible] inducement for persons to subscribe [illegible].

News of the Morning--Arrival of the Asia.

We received at an early hour yesterday morning and immediately issued in an extra, the news by the Asia, which arrived at Halifax on Wednesday, with Liverpool dates to December [illegible]. Some further and interesting details, received during the day, will be found under the telegraph head. The siege of Sebastopol makes slow progress. The British have gained an important advantage, in establishing a formidable battery on the north side of the Valley of Inkerman. It not only commands the city, but threatens its communications with the country. Reinforcements to the Allies continue to arrive, and there are signs that the Russians begin to despair of holding Sebastopol much longer. Gen. [illegible] for a fault at Inkerman, has been deprived of his command. The Russians assert that but for his too precipitate attack on that bloody morning, victory must have declared for them.

From the tone of the British Ministers, it is [illegible] that they count on the aid of Austria in the coming campaign. France is ready to send as many men to the Crimea as can be transported thither. Both nations are in *earnest*, and will be content with no half-way measures. Breadstuffs are very firm with upward tendency, and Consols a trifle higher.

Among the items of domestic intelligence that [is] of most immediate interest is the announcement of the failure of the BUTCHERS at St. Louis, for [illegible] *many dollars*. Their house did an enormous business and was reputed to be very wealthy. But, to them, as to other heavy firms, the unusual stringency of the money market has proved suddenly and unexpectedly fatal. Our sympathies in this disaster, for they had [illegible] friends, connections, and customers in our midst. [illegible] has carried down several houses in New York and Boston.

A Rising Market.

For a week or two past Grain has been steadily [illegible] in this market; buyers begin to [illegible] again and money and orders are coming [illegible] the last. Yesterday *ten shillings* was [illegible] paid for Spring Wheat and prime Winter would have commanded $1,37½. Pork, too, is in [good] demand at improving rates. Our Farmers, [who] have plenty of both on hand, should improve the opportunity to bring them to market. If the roads are good we anticipate heavy receipts [of] Grain, Pork, &c., next week.

Lake Shore Rail Road.

On Monday last the Lake Shore Rail Road was completed as far as Waukegan, 40 miles this side of Chicago, and quite a large number of passengers left that city, in the morning for different points along the line. The Chicago and Waukegan papers concur in high praise of the energy with which the contractors, Messrs. STONE & WITT have pushed forward this road, and the punctuality with which they have each opened [successive] division for business at the time promised. They will extend the road to the State line without delay, and the contractors on the Wisconsin end, are confident of meeting them there [in] three months.

The opening of the road as far as Waukegan is to be formally celebrated at that town on Thursday next by appropriate festivities. We hope to see our City properly represented on the occasion.

[illegible] IN THE U. S. COURT.—A correspondent writes to ask us how it happens that a person who took an active part in favor of Garland, the claimant of Glover, came to be a juror in the [Rycraft] case, and, after finding *him* guilty, is again found upon the Grand Jury, [where], it is said, preparations are being made to [indict] others on charges growing out of the same case.

We can only answer, that we do not know.— With every disposition to do the officers of that Court full justice, and with full faith in Marshal [illegible]'s good intentions, we cannot help the thought, which has occurred to a great many others, that the appearance upon the jury list, of the names of many loud talkers in favor of the conviction of the defendants, is contrary to the [illegible], and needs explanation, if we [are] to have any confidence in jury trials.

[illegible] CITY BANK.—Virginia State Stocks sold in Wall Street, last Saturday, at 97—an advance of [illegible] per cent within the last fortnight. North Carolina 6's must be worth 96@98, and Missouri 90@91. These are the stocks deposited with the Comptroller for the security of the [illegible] City Money, and with the interest coupons (due Jan. 1st) in his hands, and the personal bond of Messrs. Kneeland, Henning & Hull for $12,000, ought to make the money worth very nearly, if not quite *par*.

[illegible] CITY BANK.—The Oshkosh *Democrat* says [illegible] Doct Henning the proprietor, says the liabilities of the bank are small, and pledges himself to his friends, that every dollar of his private property shall be appropriated to the payment of depositors, and is confident of soon being able to satisfy all the creditors of the bank.

THE STATE PRISON COMMISSIONER.—We learn by a gentleman from the country, that a number of affidavits have been made, and forwarded to the Governor, asking the removal from office, of A. W. STARKS, State Prison Commissioner at Waupun, and that an appointment was made by the Governor, to meet the complainants and [look] upon the matter to-day at Waupun. We [publish] this as an item of news; at the same time remarking, that up to the present time, all whom we have heard speak of Mr. Starks, have given him the character of a kind-hearted man, and an efficient officer, and every prisoner who has returned to the city, accords to him the credit of enforcing discipline with kindness.

VALUATION OF WINNEBAGO CO.—The total assessed valuation of real and personal property of Winnebago County is $876,554,11, the valuation as *equalized* by the State Board is $1,4[illegible],766.

Slavery in Kansas.

"Slavery can never go into Kansas," urged the advocates, or apologists of the Nebraska Iniquity, "soil, climate and public sentiment alike forbid it." "You are fighting a shadow—you are clamoring for an abstraction," said they, in answer to the urgent demand of the opponents of the bill that Slavery should be *prohibited* in the new territory. What between Southern Aggression and Northern Doughface-ism, the bill became a law. The barrier erected against the incursions of Slavery by the Missouri Compromise was torn down and trampled under foot—Kansas and Nebraska, two vast and fertile territories, originally dedicated to Freedom were thrown open to Slavery.

The fruits of this crying iniquity begin to develope themselves. In order to elect a Pro-Slavery Delegate from Kansas, a thousand or two Missourians, armed to the teeth, cross the border, take possession of the polls, carry the day by fraud and force, and hail the result as the vindication at once and triumph of "Popular Sovereignty." This is the first chapter, and the second will be like unto it. A correspondent of the Louisville (Ky.) *Intelligencer*, writing from Salt Creek Valley, Kansas, thus speaks of the late election and what is to come of it:

The slavery question in the election here *was the main, and indeed the only issue*. The old distinctions of Democrat and Whig were entirely obliterated and lost sight of. In the choice of a candidate, more than ordinary shrewdness was exhibited by both parties.

* * * *

We have no fears that they will ever recover their loss, and successfully rally their shattered forces. Make the attempt they undoubtedly will, and on paper they will muster an array formidable indeed, seeming irresistible,—but it will be only on paper; and, having acquired a knowledge of their tactics, we shall not be greatly alarmed. Already has our party, by its victory, gained a strength double what it possessed two months ago. Public opinion which, greatly to our injury, has long been vacillating, is now confirmed in our favor.

Newspapers, even in Missouri, even in Kansas which have, to the extent of their little power frightened slaveholders from our borders, will become, with the auspicious change in our prospects, more loud, lusty, clamorous, and saucy in our behalf than if they had from the first remained our friends. *Immigrants will no longer hesitate to bring their slaves into Kansas*, where the colonization projects of the East, being thus thwarted and discouraged, will languish and eventually die, although they may, for a brief interval, be aroused to a morbid unnatural, and fatal activity.

* * * *

To the world we have shown that, in the fierce struggle for the last fragment of the boundless territory of Louisiana over whose immeasurable resources the heart of Jefferson pined till they were secured to the United States, we are likely to bear away the noble prize. We have given a foreshadowing of what shall take place hereafter—*that Kansas will ultimately, inevitably become a slave State*. Immigration hither will now, we trust, be encouraged, of such citizens as we shall be pleased to welcome among us. Upon every man, who has migrated from Kentucky or Missouri, we now know we can count, despite the affirmations of the freesoilers to the contrary.

Such is the result of nationalizing Slavery and throwing open the Territory of Kansas (hitherto protected by the Missouri Compromise) to the propagandists of the "peculiar institution." Slavery will be permanently established in Kansas, and Kansas by and bye, seek admission into the Union as a Slave State, unless the Free North & West unite to stay the progress of this desolating flood, by prohibiting slavery in all Territories of the Republic and resolutely refusing to admit any more Slave States into the American Union. Shall not Wisconsin maintain a firm, unbroken front on this momentous question? Will not our Legislature, soon to meet, make choice of a man to represent us in the U. S. Senate, who may be relied upon, under all contingencies, as FAITHFUL TO FREEDOM?

Interesting Statistics.

The New York *Herald* of the 31st ult., has various interesting statistics of the year 1854. We condense the following for the *Sentinel*:

The names of 84 Revolutionary Soldiers who have died during the year are given.

The names of 47 persons who have died over 100 years old. The ages of several of these are stated at more than 140 years. Twelve were negroes and slaves; one of them, a slave, aged 105, having been murdered. The oldest was a free colored woman, aged 146, who died at the Mobile Hospital, her age being certified from that institution.

An interesting record of the fires in all parts of the Union, where the damage exceeded $20,000 is furnished. The amount of property destroyed in each month is as follows:

January,	$2,252 000	July,	$3,270 000
February,	1,668 000	August,	4,410 000
March,	1,221 000	September,	709 000
April,	1,910 000	October,	1,040 000
May,	393 000	November,	937 000
June,	895 000	December,	1,860 000
Total,			$20 573 000

The number of murders was 682, and of executions 84. New York leads all the rest, the number of murders being 74; California comes next, with 64,—then comes Texas (50), Virginia (45), Louisiana (47), Kentucky (46), and Ohio (43). Total murders in the Free States 90.—Wisconsin is set down for 8 murders and 1 execution. We think the number of murders is probably correct, but there has been no executions, unless the lynching case in Waupacca Co. was counted as such.

The number of steamboat accidents was 48, with 587 *killed* and 225 *wounded*, against 319 killed and 153 wounded in 1853, a large increase.

The number of railroad accidents was 193, with 186 *killed* and 582 *wounded*, against 234 killed and 496 wounded in 1853—a decrease in the number killed.

The number of lives lost at fires during the year was 171.

GRAIN PORTS.—The Buffalo *Democracy* corrects the statement of the Chicago *Press* concerning the relative business in grain at various ports of the world, which, giving Chicago a business of 13,726,798 bushels, claimed for that city the first rank in the world. The *Democracy* makes the aggregate receipts at Buffalo for the year 1854, 22,561,926 bushels, and adds

Now the receipts at Chicago and at Buffalo are in character precisely alike. Chicago, however, claims that hers are "*primary*," and that she is, in the language of one of her citizens addressing the editor of the *Albany Argus*, "the greatest primary exporting port." She is not a bit more so than Buffalo is. When wheat was wagoned into Chicago, and before the completion of the Illinois Canal, and of the several Rail Roads that run into the city, she was a primary port, as Sheboygan or Grand Haven now are. But those works wholly changed the character of her trade. They made Chicago the receiving depot, for a large number of outside purchasing towns. The entire northern and middle parts of the State, are dotted with Grain markets, convenient to rail-roads, rivers, and a long canal, where wheat, corn, oats, rye, and barley are primarily bought, and thence sent second handed to Chicago. Chicago is related to the Agricultural produce of Illinois, solely in the character of a Storer and Forwarder. She is not a "primary receiver" of Breadstuffs, and has not been since grain ceased to be wagoned into her streets from all parts of the State. Buffalo is related to the several ports on the Lakes, precisely as Chicago is to the several towns south and west of her on the Illinois Canal, the River, and the Rail Roads.

STEAMER ON THE NEENAH.—The Appleton *Crescent* states that Capt. Powers, of Buffalo N. Y., has purchased the hull of a steamer commenced some time since, and intends to complete it by next spring for the passenger and freight trade on the river.

SAUK COUNTY BUILDINGS.—The people of Baraboo are about to pay $2,500 towards the erection of the county buildings at that place. The Court House is to be 46 feet by 66, two stories high, and built of light colored brick, similar to the article in use here.

The exports from Milwaukee alone this year, it is said, will reach the large sum of $5,000,000. The aggregate exports of Wisconsin, during the same period will reach $10,000,000.—Buffalo Democracy.

A closer glance at our article would have shown that the exports from this port were nearly $6,000,000, and from the State about $15,000,000.

Illinois—the Legislature—Governor's Message.

The Illinois Legislature assembled at Springfield on Monday last. The "democrats," being in a minority in the House tried to defeat an organization the first day, by staying away.—In this they succeeded, but on Tuesday, a quorum being present, the candidates of the Whig and Republican caucus were all elected, viz:—THOMAS J. TURNER, of Stephenson County, Speaker; Mr. Bridges, editor of the Lasalle *Watchman*, Clerk; Mr. Thomas, of Fulton, Doorkeeper. It is said that the Senate is equally divided on the Nebraska question, but on joint ballot there is an Anti-Nebraska majority. The prospect is fair for the election of a decided and uncompromising Anti-Nebraska man to the U. S. Senate, in place of Gen. SHIELDS, who follows the lead of his colleague, Senator Douglas, in support of the Nebraska Iniquity.

The Governor's Message is published in the Chicago papers. It is short, (less than three columns) practical and wholly confined, as it should be, to State affairs. It gives a flattering picture of the growth and prosperity of Illinois, pays a merited tribute to the managers of the Great Central Railroad, for the energy which they have displayed in pushing forward that work, expresses the confident opinion that by the 1st of June, 1870, Illinois will be the *first* State in the Union, "in point of population, intelligence, and the great facilities for business of all kinds;" states the aggregate outstanding debt at $13,993,615, and adds, that besides paying the annual interest, Illinois, in the last two years, has redeemed $2,750,097 of her debt.

New Plan of Lake and Harbor Improvement.

"Mr. Stuart, of Michigan, has laid before the Senate a novel measure, in the shape of a bill making appropriations for the improvement of Lake Harbors. The plan of the bill is, to appropriate a specific sum to be expended for the purposes named, in each of the Great Northern Lakes, without designating the particular point where the contemplated improvements are most needed. This plan avoids the objections to log-rolling schemes, and it is believed can be readily carried out if the Lake members of Congress will unite their efforts in its behalf. Mr. Stuart also proposes to give the War Department power to contract for the construction of the works decided upon."

So *that* is the brilliant plan struck out by the friends of the Administration for giving the people dwelling and doing business around the great Lakes their rights. So far from "avoiding the objection to log-rolling schemes," it is just so much the worse than direct appropriation in a general bill, in that it opens up a new and narrower field for bribery, corruption, and log-rolling with the Cabinet and Engineer officers in charge of the locality.

THE GOVERNOR OF NEBRASKA, AND LAND SPECULATIONS.—The Nebraska City News of December 9, makes the following publication. The key to it is that the Cleveland (O.) Morning Leader had charged extensive land speculation upon acting Governor Cuming, Senator Douglas, Bird B. Chapman, and J. W. Gray, (editor of the Plaindealer, Cleveland.) This charge the Plaindealer denied. The proof is thus adduced, and if the latter is genuine, the proof as to Cuming is conclusive:—

TO THE PEOPLE OF NEBRASKA.—The following letter has come to our hands, and we vouch for its authenticity. It can be proved by the testimony of Major George Hepner and the whole Iowa Senate to be his own handwriting. It needs no comment from us. The original can be produced, if wanted.

Omaha City, Saturday, Nov. 25 1854

DEAR GRAY:—Your paper received; I have only time to write a few words. I never forget my friends, and furthermore, have always succeeded thus far in my efforts to serve them. The Capital [this is strictly private] will be located, if I control it at Omaha City, and there is every prospect that it will be the greatest city in the West, between the Mississippi an California. Furthermore it will stay where it is put; rely on that. Also, on the election of Chapman to Congress. Something may possibly turn up to disappoint me, but I have no fears. I have made the proprietors of the town DEED some extra lots to my friends.

You have been a pillar of the Administration, and the combinations, and faithful to Western rights; on that account, and being personal acquaintances, I am yours intimately, and always with you in spirit. In a few days I shall have the pleasure of sending you the papers, putting you in possession of an interest in the capital worth now from $3,000 to $5,000, and of an indefinite value hereafter, after the location.

This will be a guarantee by the proprietors of the town. For the last few days I have not had a moment till now to reply to a score of letters, my room having been filled with a succession of delegations on the Capital question, armed with alternate bribes, threats, and solicitations. Excuse haste.

Believe me ever yours,
(Signed) T. B. Cuming.

WATER CURE ESTABLISHMENT AT MADISON.—One of the editors of the *Wisconsin*, who has recently visited Madison, writes the following in relation to Dr. Gross's new water cure establishment:

Lake Side Water Cure Establishment is not among the least of the improvements of Madison. I visited the grounds selected for this Institution, and pronounce them the most charming location for the purpose, in the whole Union. It is a beautiful, elevated, and undulating Oak Grove of 50 acres, situated immediately across lake Monona, two miles from the Capitol House, by a most delightful drive round the beach of the Lake, or one mile by ferry, and commands a full view of the lake and town. The main building will be only 300 feet from a beautiful and pebbly shore, and capable of accommodating 100 patients. It is already up and will be ready for the reception of guests early in June next. James E. Gross, Physician to the institution, comes to Wisconsin as one of the best of hydropathists. This Institution is justly one of the pets of Madison, and an honor to the State. As a summer retreat it must be the *ne plus ultra* of the West.

BOAT BUILDING.—Among the business improvements at Howard in the vicinity of Green Bay, is [illegible] for extensive Boat Building for the [illegible]. Already a Boat Shop [illegible] 46 feet, is in operation [on] the River and bay [illegible] 2 stories high and some 24, [illegible] ration, and will be extended to meet the increasing wants of the business. Two large class Barges have been built for the Spring trade, and one boat is now on the stocks, which is intended for a Propeller and Tow-Boat.—[Appleton Crescent.

Col. Benton's lecture at the Musical Fund Hall this evening, drew an immense auditory, and his remarks were received with frequent and hearty manifestations of applause. The proceeds of the lecture are to be applied to charitable purposes

Arrangements are on foot in this city for a public meeting to devise means for the relief of the poor.

IMMIGRATION.—The Annual Report of the New York Commissioners of Immigration shows the following places of nativity of the 313,747 immigrants arrived at that port in the year 1854, the excess over the previous year being 30,415:

Ireland	79,004	Portugal	505
Germany	166,723	Belgium	35
England	30,016	West Indies	11

The Buffalo *Democracy* makes another appeal to us in relation to its "credit mark." We urged "*Mil. Sent.*" as a model of brevity yet full enough, whereupon our cotemporary say:

If there were a paper published in your city called the *Millennial Sent for*, or the *Militia Venturion*, or the *Sentimental Millerite*, then the credit "*Mil. Sent.*" might not be considered specific, and ours is precisely that case.

The argument is strong; but we have another objection to printing your name in full. Our readers have become so accustomed to associate the ideas of "democracy" and full-fledged locofocoism, that we have conscientious scruples about issuing your good things under any such name!

GLAD TO HEAR IT.—Several of our Eastern Exchanges mention that considerable amounts of money have been remitted from Europe and sent into Wisconsin, Illinois and Canada to purchase provisions for the Allied Army in the East. The Oswego *Times* says, "a considerable quantity of Bank of England notes have been sold lately in this market, and it is thought they were sold by the parties concerned in these Western purchases. It is known that several Greek firms have had agents in this city for the purchase of grain and provisions, and as the Greek merchants transact their business with extraordinary secrecy and closeness, there is little doubt but that those transactions have been made by them."

There is plenty of Grain, Beef, Pork, &c., in this State, and a first-rate chance to buy at rates quite low compared with the Eastern markets.

Col. Webb, who has lately returned from England, after a visit of some months duration, declares through the columns of his paper, the New York *Courier and Enquirer*, that he is "persuaded that the prevalent belief that England and France are hostile to the purchase of Cuba by the United States, is an error. On the contrary"—he continues—"the best men in England would be pleased to see it peaceably transferred to the United States, in the full conviction that until the island becomes ours it will be morally impossible to put an end to the accursed slave-trade."

A Large New York House Fallen.

Dispatches received in this city last evening, stated that Messrs Wadsworth & Sheldon, Bankers Wall street, New York, had stopped payment. They were a very heavy house; but what was the amount of their liabilities have not transpired.—No news beyond the mere fact of their failure was received.

They have a very wide circle of correspondents, and doubtless some of them will be seriously crippled in their business. So far as we could learn last evening, only two of our principal banks had kept portions of their accounts with this house. The accounts of the Marine Bank are very nearly balanced. We learn that there is a difference of less than a thousand dollars either way.

The Exchange Bank of H. A. Tucker & Co. kept their account with Messrs. Wadsworth & Sheldon, and Duncan, Sherman & Co., and the failure of the former House cannot affect the business of the Exchange Bank in the least. Messrs. Tucker & Co., received a dispatch last evening stating that Duncan, Sherman & Co. would protect their drafts *in transit* on Messrs. Wadsworth & Sheldon, thus showing their confidence in the strength of H. A. Tucker & Co., and their willingness to protect our business community from any inconvenience on account of the failure of Messrs. Wadsworth & Sheldon.

For several years Messrs. Wadsworth & Sheldon have been the Agents of Illinois in New York, and the people will look anxiously for further information, in order that they may know how far the interests of the State are likely to suffer. They have always maintained a high character for integrity and financial ability, and we are disposed to attribute their failure to one of those storms in the financial world before which the strongest are often forced to yield.—[Chicago Dem. Press, Jan 3d.

THE IMPROVEMENT COMPANY.—The extensive warehouses &c., now in course of construction by the "Fox River Improvement Company" at Howard, opposite Green Bay, are worthy of a passing notice. We hope to be able to record much of like character during the coming year.

For several months past some of the best workmen in the State have been engaged upon the warehouses, &c., and some of them will be in readiness at the opening of River navigation, the largest, a building four stories high, and fifty by eighty feet, will be in readiness for the Fall Trade. This warehouse is to be furnished with elevators worked by steam.

The Dock is to extend into the River 275 feet and down the River 196 feet, furnishing nearly 500 feet of wharf.

In addition to the above, the timber is already upon the ground for a building 46 by 60 feet, which is to be used for Stores, and the offices of the Company. The Dry Kiln turns out 10,000 feet of seasoned Lumber "at a heat," and everything is to be constructed in the most finished and substantial manner. The Company will soon commence their Warehouses at other points, and the future promises well for Northern Wisconsin.—[Appleton Crescent.

HORACE GREELY COMING.—A letter has been received by B. F. Hopkins, Esq., corresponding secretary of the Madison Institute, from Mr. Greeley, in reply to a letter inviting him to lecture in this place, before the Institute. He accepts, and writes that he will be here some time in March. There is no man in the United States who will attract so large an audience in this state as Mr. Greeley, and we are glad the society has succeeded in inducing him to visit Wisconsin.

John G. Saxe, the poet, has also consented to deliver a poem before the Institute during the winter.—[Madison Journal.

VERDICT AGAINST N. L. W. & P. R. ROAD.—The jury yesterday brought in a verdict against the New London, Willimantic & Palmer Railroad Co., and in favor of Crocker, the plaintiff, of eight thousand two hundred and ninety-one dollars. The Court was of opinion that the sum was too large, and sent them out again. They subsequently came in with $7,250. But the Court considered this rather excessive, and sent them out once more. This time they brought in $5,500, which was accepted and entered as the final award.—[Norwich Courier, 29th.

TO FOX RIVER.—The "last rail" on the Illinois and Wisconsin Railroad between this city and Fox River, was laid yesterday. Fifteen miles more of the track remains to be put down, when the road will reach Woodstock, fifty miles from this city. It is the intention of the contractors to finish it to that point during the present month.—[Chicago Dem. Press January 3.

NEW CHURCHES.—On Sunday, the 6th proximo, the Rev. Dr. Cooke, of this village, is to dedicate a new Methodist Church at Fox Lake, Dodge Co. On the same day, Rev. Prof. Cobleigh, also of Appleton, is to dedicate one at Rosendale, Fond du Lac County.—[Appleton Crescent.

CITY MATTERS.

UNITED STATES COURT.

JUDGE MILLER PRESIDING

Thursday, Jan 4.

Robert Ellis et. al vs. Edgar P. Doane. Judgment for $705,61. Stewart & Bloodgood Plffs Atty.

George G. Sampson et al. vs. Henry S. Weil et. al. Judgment for $595,54. Finch & Lynde Plffs Atty.

Isaac G. Goodrich vs. Watson A. Fox. In admiralty. Motion of respondent to dismiss overruled. J. Downer Libellants Proctor. Brown & Odgen, Emmons & Van Dyke Respondents Proctors.

George P. Pierce vs Nelson McNeal. Benj. Newhall Plff Atty. Emmons & Van Dyke Defts Atty. Jury sworn this morning and trial now in progress.

We clip the above from the *News*, being the proceedings up to 2 P. M., yesterday, being unable to obtain any information from the Clerk as to what transpired afterwards. Of course no one about town is interested in anything going on after 2 P. M. The system of exclusion practiced in that "sacred circle," is decidedly rigid.

It was understood last evening that the persevering efforts of the District Attorney have been successful with the Grand Jury in getting indictments against Messrs. O. K. WATKINS and BYRON PAINE, and probably also Messrs. A. H. BIELFELDT, HERBERT REED, H. HUTCHINS, J. H. PAINE and Dr. WOLCOTT, and, in addition, that there was a strong probability of indictments against three or four gentlemen from Racine

The prospect seems fair for a good time in the U. S. Court. The people are looking on quietly, meanwhile, while the Court "piles up wrath," &c

Police Court--Jan. 4th.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE

John Roach, a boy 15 years of age, was brought down from jail by constable Kessler, charged with stealing a hatchet of the value 62 cents, the property of Herman Schwarting. The property was taken from the fire at Schwarting's house.—The defendant stated that he had been but two months in the country, and owned that he took it, but did'nt know it was wrong. The Police Justice held the case open, and discharged the defendant, cautioning him that in case of any bad behaviour he would be arrested and imprisoned.

A warrant was issued against John Betchel for assault and battery upon Peter Borngasser on the 3d of January. The applicant had his head bandaged, with both eyes blacked and one of them cut.

The whole number of City warrants issued during the year 1854, together with city summonses, is 151, of these there are, for violating the hay and wood ordinance, 14; obstructions on sidewalks and leaving teams unhitched 44; violating liquor ordinance 11; violating the ordinance to prevent gambling and other disorderly practices 41; Nuisances 8, for disseminating contagious diseases 4, violating bridge ordinance 18, weights and measures 1 injury to bridges 2. Summonses issued in which the city was a party, 5. The number of fines remitted by the Common Council 3. The whole amount of penalties and justice's fees collected in city cases $346,00.

More Fires!--Incendiaries About!

There were three alarms of fire on Wednesday night, the first one arising from a defective chimney in the house adjoining St. Gall's (Roman Catholic) church on 2d street, the fire being speedily extinguished.

The other alarms brought out the Department, and almost at the same time two building were found to be in flames, one on Market Square, a long frame building, occupied by several families.

The other building, on Main Street, near Wisconsin, was a frame, occupied as a paint shop below and by a widow woman above, as a dwelling. Both fires were confined to the buildings in which they originated, and which were totally destroyed, with most of their contents, turning out into the streets in an inclement night, a number of poor families whose wants should be cared for by the benevolent.

The building on Market Square was owned by Mr. UPMANN, and occupied by the following families:

Mr. Sing his brother, wife and mother.
Peter Casey, wife and 4 children.
Mrs. Morris, and 2 children.
Mrs. Cauley, and 2 children.
Mrs. Maidenhoff, and 3 children.
Mr. Parsons and wife.

We cannot learn that there was any insurance on any of the property—the total loss may be $4,000.

Mr. Blanchard, the painter, in the building on Main St., lost about $200. The building was of little value, say $200, and owned by Mrs. Lowry—no insurance. Mrs. Smith, who lived in the apartments above, is an industrious widow woman, and has lost all that she had, some $500 in furniture and clothing. She has earned her living by stitching books and pamphlets for printers, among other things, and our compositors, on learning of her loss, made up a purse for her amounting to some $15,00.

Some of these fires are beyond a doubt the work of incendiaries, and we trust that a reward will be offered for bringing them to justice. We trust also, that the Common Council will take immediate action in regard to another matter. Our *Fire Companies are not half manned*, and it is with difficulty that the machines are dragged to fires, and the work afterwards is too much for the few members of the Companies, it being next to impossible to obtain a sufficient number of volunteers to work the brakes. The Board ought to authorize the officers of the Department to hire by the hour, a sufficient number of men to keep the brakes in constant motion. We hope that this will be attended to at once.

AN APOLOGY.—We have one to make, and here it is.

We noticed yesterday the fact that a gallery of paintings of a remarkable character was on exhibition in Ludington's Block, in a certain room. It was true. The pictures were there, in our counting room, and they were of a decidedly remarkable character. The fact is, that our business partner levied, some six months or more since, for debt, upon the effects of the Atlantic Museum. It is a wonder that he did not seize upon the skeleton of the whale, but he did seize upon a dozen paintings purporting to represent the Presidents, and others. We supposed them long ago consigned to the tomb of the Capulets, but, to our great indignation, found one of them, a caricature of General Scott, whom we supported for President, in our room one day last week. It was ugly enough when covered with dust, but the nice points of ugliness did not fairly come out till the picture was brushed up. Seeing this with 12 others, each uglier than the other, hung up in our counting room below stairs, we determined to have redress, and we trust that our forty or fifty lovers of the fine arts who called yesterday to examine the gallery will excuse the liberty which we took with them. We are sure that they never saw a more remarkably ugly set of paintings framed.

COMMON COUNCIL.—A meeting of the common Council took place last night; the principal business related to City Taxes. One of the Aldermen from the third Ward being absent, we observed his chair was filled by a person [illegible] affected by the *tight times*.

MILWAUKEE ENGINE CO. NO. 1.—The Annual Meeting of Engine Company No. 1, for the election of Officers, will be held at their house *this* evening at half past 7 o'clock. The punctual, and general attendance of the Members, Honorary as well as Active, is particularly desired.

BATHING AND HAIR-DRESSING SALOON.—Wm. B. Hall has taken the Saloon in the basement of Minor & Faries Brick block, on Wisconsin Street, heretofore occupied by Geo. R. Symes, and intends to keep up the reputation which the establishment has acquired under Symes administration. See his card in our advertising columns.

NUMBERS ON THE HOUSES.—Persons desirous of witnessing the improved appearance of a street when the houses are numbered, should take a walk on Main Street, where the numbers already reach 450. Mr. Thomas does his work neatly, as well as substantially, and we are glad to notice that the Numbers have been very generally taken by occupants of dwellings on that street. We understand that Milwaukee Street will next be surveyed and numbered.

FIGHT AND ARREST.—A man named Henry Falkner, a sailor was arrested by officer Meyer and taken to jail last night for being drunk and fighting on Walker's Point.

SACK COMPANY.—The Members of this Company hold a meeting for the election of officers at their house, on Main Street *this* evening, at 7 o'clock.

The weather turned a sharp corner during Wednesday night and yesterday, the air was as keen and cold as need be. The mud is frozen solid.

SERIOUS ACCIDENT.—While five workmen were employed on a scaffolding, yesterday afternoon, in Nazro's new store, by some means the scaffolding gave way and precipitated all five to the ground. Four of the number escaped with slight injuries, but the fifth, George Desforges, Sexton of St Pauls Church, had his thigh broken in two places. Medical attendance was immediately procured and the broken limb skillfully set by Dr. WOLCOTT and HATCHARD. The patient, we learn was doing well last evening.

Nebraska Election.

The last Council Bluffs Bugle gives the result of the election for delegate to Congress in Nebraska, complete, with the exception of one small precinct in Burt county. The footings are as follows:

COUNTIES	GIDDINGS.	JOHNSON.	CHAPMAN.	DYER.
Douglas,	66	108	7	20
Cass,	111	3	13	1
Pierce,	132	7	49	0
Forney,	28	0	14	0
Richardson,	14	0	10	0
Washington,	16	13	5	0
Burt,	24	0	12	0
	391	131	110	22

Dodge county gave 15 votes, for "Hollister."

In regard to the politics of the candidates, the Bugle—a strong Douglas print—says that "Giddings calls himself a democrat, but was recently defeated in Missouri, as the Benton anti-Nebraska candidate for Superintendent of Common School Not only is he *opposed to the national administration*, which gave Nebraska a territorial existence and to the law for its organization, *but also to the great principle of popular sovereignty*.

"Hon. Bird B. Chapman stood for a time before the people as a prominent candidate. He was endorsed by the national administration, by Stephen A. Douglas, Cass, Dodge, and other distinguished democratic statesmen, as a man of superior ability, unquestionable integrity and the most reliable democracy."

We are glad to infer from all this, that the People of Nebraska, when left to themselves, and not overborne by imported voters from neighboring States, have declared against PIERCE and Pro-Slavery Democracy.

A STAMPEDE.—On Friday night last, sixteen human chattels from the "Sunny South" came up on the underground railroad on their way toward the "North Star." The owners, or their agents, arrived in this city soon after, and were taken to a house on the North Side by one who professed to aid them in their efforts to recapture their freed humanity, and employed them in a fruitless search. While thus engaged the train was fired up on the eastern branch of the U. G. R. R., and the fooled slave hunters awoke to the astonished fact that it was "too late."—[Chicago Democrat.

The New Judges.

The oath of office was administered to Judge COLLINS of this circuit, yesterday, in the office of the Secretary of State, by Hon. GEO. W. CATE. The oath of office was then administered to Hon. S. S. N. FULLER, judge elect of the VIII Judicial Circuit, by Judge COLLINS.—Madison Journal.

ANOTHER CHURCH.—It will be seen, by the notice in another column, that the Episcopalians are preparing to build a Church in Appleton.—Although not numerous, the communicants of that denomination are among our best citizens.—[Appleton Crescent.

Better receipts yesterday, and a better feeling in the market generally. Money has begun to make its appearance in market from the East, with which to purchase produce, and some orders have been received. In the streets, $1,25 was paid freely for Club Spring, and Winter brought 1,28@1,32. The steamer's news was received yesterday morning, being a week later, and breadstuffs firm at last quotations. We notice sales yesterday from store of 500 bbls superior No. 1 Flour at $5,50, and 6,000 bus mixed Wheat free on board at 1,26, and 1,000 bus do at 1,25.

Chicago Market, Jan. 2d.

The Grain market has been more lively during the week, particularly in Wheat; but it is quiet to-day, our city millers not manifesting much desire to operate at present prices, and the market is sparingly supplied, prime Spring can be bought to-day for $1,15. Corn market unchanged; no demand for distilling, and 44@45c ℔ 59 lbs, being the highest paid to warehouse. Little doing in Oats or Rye. Barley sells at 80@1,05, some prices going at the latter figure to-day.

In the Provision market there is little change. In Pork there is a moderate business, demand chiefly being to fill eastern orders, and $3,75 is the highest being paid for heavy dressed Hogs—$3,50 for light.—*Tribune.*

STATE HISTORICAL SOCIETY.

The annual meeting of the State Historical Society was held last evening, at the Office of the Secretary of State. The reports of the letters which had been received were listened to, several new members joined, and the yearly election of officers took place. The following is a list of the officers elected:

President—Gen. Wm. R. Smith.
Vice Pres't—Geo. R. McLane, I. A. Lapham, Nelson Dewey, Cyrus Woodman, A. G. Ellis
Rec. Secy.—John W. Hunt.
Cor. Secy.—Lyman C. Draper.
Treasurer—O. M. Conover,
Librarian—S. B. Carpenter,
Curators—L. J. Farwell, Beriah Brown, D. Atwood, D. J. Powers, Simeon Mills, J. P. Atwood, J. T. Clark, D. B. Durrie, John Y. Smith, H. A. Wright.

The meeting was characterized by great harmony, by a generous interest in the objects of the Society, and by a laudable determination to render it worthy of that interest, and the patronage of the State, which has been bestowed upon it.

The library has increased within a year from 90 volumes to over one 1000 volumes, all of the most valuable nature—official records, newspapers, ancient and rare books, &c. A number of old maps, showing the condition of the western country from twenty-five to 150 years ago, medals, paintings, &c., are among the collection of the Society.

Without making invidious distinctions among those whose labor has established the Society, we may mention that to the interest, the industry and care of Lyman C. Draper, Esq., it is indebted more than to any other individual, for the high measure of success which has crowned its efforts.—[Madison Democrat.

NEW COUNTY OFFICERS.—On Monday, the 1st instant, our new County Officers, Dewey K. Warren, Sheriff; Wm. R. Williams, Register of Deeds, Samuel A. Barstow, Clerk of Court; Wm. Soper, District Attorney; H. N. Davis, Treasurer; and Owen McMahon, Clerk of the Board of Supervisors, were duly inaugurated, and commenced their official duties. A better or more competent set of county officers cannot be found in any other county in the State.—[Waukesha Plaindealer.

NATIONAL LOAN FUND
LIFE ASSURANCE SOCIETY,
LONDON.

CAPITAL, - - - $2,500,000,
Guarantee Fund, $100,000, Deposited with the Comptroller of the State of New York.

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, while it in no way interferes with, or undervalues those important institutions, has claims which no other system of insurance can have. Human existence must on consideration, enjoy a much higher estimation than worldly property.

While the representative of a family lives, (although, through neglect to insure his *property*, he becomes bankrupt,) he supports his family; but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comforts during life

If young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the *premium* is not increased.

Clergymen and others who have a stated and regular income, *should insure*, well knowing that, at their death their families may be left destitute,

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, *should insure*.

The farmer who has still a mortgage on his farm, *should insure*, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

SPECIAL NOTICES.

Milwaukee & Mississippi Railroad Company.

NOTICE!

IN CONSEQUENCE OF THE REFUSAL OF MERchants and others of this City to pay their freights on Goods which have been shipped *via* Janesville from Chicago, for the reason, as is alleged by some, that they have not *ordered* their goods by that route; and by others that they have made special contracts with certain lines to deliver their goods in Milwaukee, therefore refusing to pay any more than their contract price; claiming the right, under the advice of counsel, by making a tender to our Company of the amount so contracted for, to replevin the goods, out of our possession.

To-morrow, our Company, to protect itself against a repetition of the occurrences above referred to, has given directions to its Agent in Janesville, and the Agents of the Galena Road, that it will not receive and forward goods unless an order from the person to whom they are consigned accompanies them. And, in order that there shall be no unnecessary delay or inconvenience arising from said order, this Public Notice is given to all who have goods at Chicago which they wish to receive *via* Janesville.

TO THE PHYSICIANS OF THE WEST!

And to All who use Liquor as a Medicine or as a Beverage!

PHYSICIANS who prescribe Alcoholic Liquors for Medicinal purposes should give the preference to WOLFE'S SCHIEDAM AROMATIC SCHNAPPS.

1. It is manufactured in Schiedam, in Holland, and exclusively in the factory of the proprietor, by processes and from materials elsewhere unemployed and unknown.

2. It is proved, by the repeated analysis of several eminent Chemists, to be entirely free from the pernicious fusel oil which remains in every kind of liquor distilled from grain, and which is the cause of the nervous and visceral derangement, serious congestion, and morbid desire for habitual and intemperate indulgence, which such liquors invariably tend to superinduce.

3. It is proved by the same unerring tests that the Juniper Gin is not flavored with the coarse, acrid and indigestible oil of Juniper heretofore used, but with the specifically lighter, more volatile, aromatic and medicinal of the two essential oils of the Italian Juniper berry, neglected by every other manufacturer.

4. It is chemically proved to be absolutely pure in its rectification—a quality obtained by an entirely new process, and which no other Holland Gin in the world has acquired.

5. It is proved by extensive medical experience and testimony, to be an excellent as well as an agreeable remedy in many cases of incipient dropsy, gravel, chronic gout, rheumatism, flatulence, colic, concretions in the kidney, and bladder, dyspepsia, fever and ague, general debility sluggish circulation of the blood, deficient assimilation of food and exhausted vital energy.

6. It is a most grateful and renovating cordial, and when used as directed, never inflames the system or induces inebriety, but tends rather to subdue the latter frailty, by creating a dislike to all inferior liquors. And it invariably corrects the ill effects of bad water, whether in swampy or limestone districts. In all of these enumerated qualities it has no rival in any market in the world.

Since the introduction of this celebrated medicinal beverage into the United States, a number of Liquor Houses in New York and our other large cities have commenced counterfeiting it. The genuine is only sold in quart and pint bottles, handsomely wrapped in yellow paper, with my name on the bottle, cork and label. I would advise those who use it medicinally, to purchase by the bottle, as Bars and Hotels frequently fill my bottles with common Gin and sell it for the genuine. *For sale by all the respectable Druggists in the United States.*

Sole Manufacturer and Importer,

Almost every farmer throughout the country can testify to its wonderful healing powers—and none of them would be a day without it.—Owners of livery stables and stage companies can save hundreds of dollars yearly by using this Liniment on their horses whenever they become galled, chafed or crippled from any of the thousand accidents to which their stock is subject.

HOLLOWAY'S PILLS, for the cure of Coughs, Colds, and Asthmatical Complaints.—These admirable Pills are the most efficient remedy ever discovered, for the cure of coughs, colds and asthma. Some of the most obstinate cases of such disorders, together with affections of the chest, yield to their curative powers. They speedily remove any accumulation of phlegm, whereby the respiratory organs are permanently relieved, and ultimately a sound and perfect cure is effected; therefore, the asthmatical patient suffering from a tightness of the chest, a difficulty of breathing, or a bad cough, should have recourse to these well known Pills, to ensure a radical cure.

HOLLOWAY'S OINTMENT AND PILLS are superior remedies for bad legs and all kinds of wounds. The surprising sale of these invaluable medicines throughout the Union, is the most convincing proof of their efficacy in curing bad legs, old wounds, and scrofulous sores. Thousands of people who have suffered from these dreadful maladies have been cured by their use, after every other remedy had failed; and it is a fact beyond all doubt, that there is no case, however obstinate or bad, that may not be shortly cured by these wonderful medicines; therefore the afflicted should immediately try Holloway's Ointment and Pills.

PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by GEORGE HEWS, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr HEWS, Agent at New York:

New York, Dec. 5, 1853.

MR. N. J. CURTISS:—

Dear Sir: Having had the pleasure of performing upon Geo. Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Warerooms, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON:

MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.

☞ Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed.

☞ Pianos Tuned and Repaired.

Great Failure in St. Louis, &c.

New York, Jan. 3.

G. Ray, broker, $22,000. Some Boston houses are also said to have suffered to the extent of $100,000.

The failure of Wadsworth & Sheldon, took the street by surprise. It was caused by the non-receipt of a large amount of money, which, if they had received, would have relieved them.—They have a large excess of resources, and there are hopes that the suspension will be but temporary.

FURTHER BY THE ASIA.

NEW YORK, Jan. 4th—3 P. M.

General Aspects of the War.—It is estimated that the Russians have 100 more guns mounted on the Southern side of Sebastopol, than when the siege first commenced. On the other hand the British have just completed a very powerful battery, on an eminence north of the Valley of Inkerman, which commands every building in Sebastopol, besides being another step towards the complete investment of the place. Deserters report that provisions and ammunition are becoming scarce in the city. The Russians are arming the ships in the harbor; possibly with a view to attempt a surprise. General LIPRANDI has been deprived of his comand for a fault committed at the battle of Inkerman. 5000 French troops reached Constantinople, the 8th December, on their way to the Crimea. Omer Pasha has sent 5000 of his troops to the same destination. Gen. Guyon (Hashid Pasha) is also ordered there.

From the Baltic—As soon as the British fleet left the Baltic, the Russian Admirals Sutenoff and Remangoff put to sea from Sweaborg with 14 Ships of the line and steam frigates and rescued Constradt.

Great Britain.—The President's Message was published in England on the 18th, but the public mind is so engrossed with the war, that it excited but little attention. Sir James Graham stated in Parliament that the British Government was making vigorous exertions for the destruction of the Slave trade in Cuba. The Foreign Enlistment bill was read a third time in the House of Commons on Friday night and passed by 38 majority; Lord John Russell stated that the number of troops France was willing to send to the seat of war was only limited to the transports furnished.

Napier was well received at Portsmouth on his return from the Baltic.

AUSTRIA &c.—The *Chronicle* states that on the 14th, the ratifications of the treaty were exchanged. It was reported at Vienna, that Russia accepts the four points as a basis of negotiation, but the razing of Sebastopol, and reduction of her Black Sea Fleet will never be ceded, unless an equivalent should be given.

The Emperor of Austria has sent the order of St. Stephen to Napoleon.

PRUSSIA.—The Chambers have resolved to open their ports to English ships.

GENERAL NEWS.—Great Britain has a favorable treaty with Japan. The Japanese refused to receive a special French Minister.

COMMERCIAL NEWS.—Consols closed at 91⅝a91⅛. Breadstuffs—market firm. Brown, Shipley & Co. say: "Breadstuffs have been quiet, but prices are hardly maintained. Phil. and Balt. Flour 44s@46s, Ohio 45s@46s, common 42s 6d@43s6d, sour 38s@41s. White Wheat 12s3d@13s3d, red 11s@12s6d. Corn advanced 6d—white and yellow 44s@45s. Tariff Caucus in Congress.

Washington, Jan. 4.

A caucus of the Democratic members has been held to consider Secretary Guthrie's recommendation to reduce the tariff, and passed a resolution to the purport that it is right that the duties on goods imported should be reduced to the revenue standard, carrying out the principles of the tariff of 1849.

Death of an Eminent Merchant.

EXTRAORDINARY INDUCEMENTS
TO
The Reading Public.

Either of the following five works will be sent free of postage, on receipt of the price annexed.

The Abduction Trials, and Adventures of Paynete Mandeville,

Wife of Augustus H. Mandeville, of Baltimore, who was stolen from her husband at Bogota, New Grenada, by a band of *Spanish Robbers*, and by them detained in their mountain fastnesses for thirteen months, there having gone through the most terrible scenes that the imagination can picture; the whole, forming the most truly wonderful narrative of actual occurrences ever yet placed before the reading community. Written by her Husband.—Price 12½ cents.

A THRILLING AND STARTLING WORK!

The Authentic Confessions of William Masterson,

The Cruel Murderer of his Father and Mother! Together with a complete account of his various Robberies and Murders, including that of Mr. Manning, of Buffalo, N. Y., and the beautiful Miss Emma Martin. Added to which is the history of the most fiendish Murderer, and expert Burglar and Pickpocket, Thomas Little, the accomplice of Masterson. Price 12½ cents.

The Beautiful Jewess, Rachel Mendoza.

Her lamentable connection with the dark and eventful career of Charles Bernard, otherwise called "Prince Charles," by George Lippard, the late termination of whose adventures in Madrid, near the Palace of the Queen, has created so much comment and such intense interest in the American press.

Thousands throughout the United States are familiar with portions of the career of "Prince Charles," but this narrative not only plainly colors his whole career, especially his connection with the rich and beautiful Jewess, Rachel Mendoza, with only a year mingled in the first circles of New York. After relating his adventures in the United States, this narrative conducts us to Madrid, to the *Royal Court of Spain*, revealing the secrets of the life of Queen Isabella. Price 15 cents.

STARTLING DISCLOSURES! MYSTERIES SOLVED!
OR THE HISTORY OF
ESTHER LIVINGSTONE,

And dark career of Henry Baldwin. By George Lippard. This narrative not only portrays the singular career of Esther Livingstone, and the crimes of Henry Baldwin, but the scenes in which they were actors in the Mammoth Cave, are related by the wretched Baldwin, in a bold, truthful, but absorbing style. And the murder of Miss Annie Healy, in Charleston, on the night of her marriage, is in these pages terribly explained. Price 15 cts.

The Rival's Revenge! or The Lovely Quakeress,

CATHARINE MIDDLETON,

The Skillful Gamester in Disguise. Her singular career with the startling developments in the life of Don Senor Jacinto, "The Masked Bandit." Price 12½ cents.

SPECIAL NOTICES.

Milwaukee & Mississippi Railroad Company.

NOTICE!

IN CONSEQUENCE OF THE REFUSAL OF MERchants and others of this City to pay their freights on Goods which have been shipped via Janesville from Chicago, for the reason, as is alleged by some, that they have not ordered their goods by that route; and by others that they have made special contracts with certain lines to deliver their goods in Milwaukee, therefore refusing to pay any more than their contract price; claiming the right, under the advice of counsel, by making a tender to our Company of the amount so contracted for, to replevin the goods, out of our possession.

Therefore, our Company, to protect itself against a repetition of the occurrences above referred to, has given directions to its Agent in Janesville, and the Agents of the Galena Road, that it will not receive and forward goods unless an order from the person to whom they are consigned accompanies them. And, in order that there shall be no unnecessary delay or inconvenience arising from said order, this Public Notice is given to all who have goods at Chicago which they wish to receive *via* Janesville.

TO THE PHYSICIANS OF THE WEST!

And to All who use Liquor as a Medicine or as a Beverage!

PHYSICIANS who prescribe Alcoholic Liquors for Medicinal purposes should give the preference to WOLFE'S SCHIEDAM AROMATIC SCHNAPPS.

1. It is manufactured in Schiedam, in Holland, and exclusively in the factory of the proprietor, by processes and from materials elsewhere unemployed and unknown.

2. It is proved, by the repeated analysis of several eminent Chemists, to be entirely free from the pernicious fusil oil which remains in every kind of liquor distilled from grain, and which is the cause of the nervous and visceral derangement, serious congestion, and morbid desire for habitual and intemperate indulgence, which such liquors invariably tend to superinduce.

3. It is proved by the same unerring tests that the Juniper Gin is not flavored with the coarse, acrid and indigestible oil of juniper heretofore used, but with the specifically lighter, more volatile, aromatic and medicinal of the two essential oils of the Italian juniper berry, neglected by every other manufacturer.

4. It is chemically proved to be absolutely pure in its rectification—a quality obtained by an entirely new process, and which no other Holland Gin in the world has acquired.

5. It is proved by extensive medical experience and testimony, to be an efficient as well as an agreeable remedy in many cases of incipient dropsy, gravel, chronic gout, rheumatism, flatulence, colic, concretions in the kidney, and bladder, dyspepsia, fever and ague, general debility sluggish circulation of the blood, deficient assimilation of food and exhausted vital energy.

6. It is a most grateful and renovating cordial, and when used as directed, never inflames the system or induces inebriety, but tends rather to subdue the latter frailty, by creating a dislike to all inferior liquors. And it invariably corrects the ill effects of bad water, whether in swampy or limestone districts. In all of these enumerated qualities it has no rival in any market in the world.

Since the introduction of this celebrated medicinal beverage into the United States, a number of Liquor Houses in New York and our other large cities have commenced counterfeiting it. The genuine is only sold in quart and pint bottles, handsomely wrapped in yellow paper, with my name on the bottle, cork and label. I would advise those who use it medicinally, to purchase by the bottle, as Bars and Hotels frequently fill my bottles with common Gin and sell it for the genuine. *For sale by all the respectable Druggists in the United States.*

Mexican Mustang Liniment.

The reputation of this preparation is increasing daily; the circle of its influence and unbounded popularity is deepening and widening; and the cases of pain, and suffering, and anguish, relieved by its use, are multiplying and increasing beyond all precedent. It goes like an angel, "with healing on its wings."

To persons who wish, we can furnish names and residences of persons all over the country, who have been cured of Rheumatism, Sprains, Bruises, and the most loathsome sores, as well as Tumors, Cancers and Wens—and of horses that have been cured of Spavins, Ringbones, Splint, Fistulas and Poll-evils, and hard bony Tumors on the feet, legs, shoulders and back. Almost every farrier throughout the country can testify to its wonderful healing powers—and none of them would be a day without it.—Owners of livery stables and stage companies can save hundreds of dollars yearly by using this Liniment on their horses whenever they become galled, chafed or crippled from any of the thousand accidents to which their stock is subject.

See advertisement in another column.

HOLLOWAY'S PILLS, for the cure of Coughs, Colds, and Asthmatical Complaints.—These admirable Pills are the most efficient remedy ever discovered, for the cure of coughs, colds and asthma. Some of the most obstinate cases of such disorders, together with affections of the chest, yield to their curative powers. They speedily remove any accumulation of phlegm, whereby the respiratory organs are permanently relieved, and ultimately a sound and perfect cure is effected; therefore, the asthmatical patient suffering from a tightness of the chest, a difficulty of breathing, or a bad cough, should have recourse to these well known Pills, to ensure a radical cure.

HOLLOWAY'S OINTMENT AND PILLS are superior remedies for bad legs and all kinds of wounds. The surprising sale of these invaluable medicines throughout the Union, is the most convincing proof of their efficacy in curing bad legs, old wounds, and scrofulous sores. Thousands of people who have suffered from these dreadful maladies have been cured by their use, after every other remedy had failed; and it is a fact beyond all doubt, that there is no case, however obstinate or bad, that may not be shortly cured by these wonderful medicines; therefore the afflicted should immediately try Holloway's Ointment and Pills.

PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by GEORGE HEWS, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr HEWS, Agent at New York:

New York, Dec. 5, 1853.

MR. N. J. CURTISS:—

Dear Sir: Having had the pleasure of performing upon Geo. Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON:

MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.

☞ Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed.

☞ Pianos Tuned and Repaired.

Great Failure in St. Louis, &c.

New York, Jan. 3.

Some Boston houses are also said to have suffered to the extent of $100,000.

The failure of Wadsworth & Sheldon, took the street by surprise. It was caused by the non-receipt of a large amount of money, which, if they had received, would have relieved them.—They have a large excess of resources, and there are hopes that the suspension will be but temporary.

FURTHER BY THE ASIA.

New York, Jan. 4th—3 P. M.

General Aspects of the War.—It is estimated that the Russians have 100 more guns mounted on the Southern side of Sebastopol, than when the siege first commenced. On the other hand the British have just completed a very powerful battery, on an eminence north of the Valley of Inkerman, which commands every building in Sebastopol, besides being another step towards the complete investment of the place. Deserters report that provisions and ammunition are becoming scarce in the city. The Russians are arming the ships in the harbor; possibly with a view to attempt a surprise. General LIPRANDI has been deprived of his comand for a fault committed at the battle of Inkerman. 5000 French troops reached Constantinople, the 8th December, on their way to the Crimea. Omer Pasha has sent 5000 of his troops to the same destination. Gen. Guyon (Hashid Pasha) is also ordered there.

From the Baltic.—As soon as the British fleet left the Baltic, the Russian Admirals Sutenoff and Remangoff put to sea from S[illegible] with 14 Ships of the line [illegible] and Steam frigates and reached Cronstadt.

Great Britain.—The President's Message was published in England on the 18th, but the public mind is so engrossed with the war, that it excited but little attention. Sir James Graham stated in Parliament that the British Government was making vigorous exertions for the destruction of the Slave trade in Cuba. The Foreign Enlistment bill was read a third time in the House of Commons on Friday night and passed by 38 majority; Lord John Russell stated that the number of troops France was willing to send to the seat of war was only limited to the transports furnished.

Napier was well received at Portsmouth on his return from the Baltic.

AUSTRIA &c.—The *Chronicle* states that on the 14th, the ratifications of the treaty were exchanged. It was reported at Vienna, that Russia accepts the four points as a basis of negotiation, but the razing of Sebastopol, and reduction of her Black Sea Fleet will never be ceded, unless an equivalent should be given.

The Emperor of Austria has sent the order of St. Stephen to Napoleon.

PRUSSIA.—The Chambers have resolved to open their ports to English ships.

GENERAL NEWS.—Great Britain has a favorable treaty with Japan. The Japanese refused to receive a special French Minister.

COMMERCIAL NEWS.—Consols closed at 91⅝a91½. Breadstuffs—market firm. Brown, Shipley & Co. say: "Breadstuffs have been quiet, but prices are hardly maintained. Phil. and Balt. TO
The Reading Public.

The Abduction Trials, and Adventures of Faynetta Mandeville,

Wife of Augustus M. Mandeville, of Baltimore, who was stolen from her husband at Bogota, New Grenada, by a band of *Spanish Robbers*, and by them detained in their mountain fastnesses for thirteen months, there having gone through the most terrible scenes that the imagination can picture; the whole, forming the most truly wonderful narrative of actual occurrences ever yet placed before the reading community. Written by her Husband—Price 12½ cents.

A THRILLING AND STARTLING WORK!
The Authentic Confessions of William Masterson,

The Cruel Murderer of his Father and Mother! Together with a complete account of his various Robberies and Murders, including that of Mr. Manning, of Buffalo, N. Y., and the beautiful Miss Emma Martin. Added to which is the history of the most fiendish Murderer, and expert Burglar and Pickpocket, Thomas Little, the accomplice of Masterson. Price 12½ cents.

The Beautiful Jewess, Rachel Mendoza.

Her lamentable connection with the dark and eventful career of Charles Reinerz, otherwise called "Prince Charles," by George Lippard, the termination of whose adventures in Madrid, near the Palace of the Queen, has created so much comment, and such intense interest in the American press.

Thousands throughout the United States are familiar with portions of the career of "Prince Charles," but this thrilling narrative only in plain colors his whole career, especially his connection with the rich and beautiful Jewess, Rachel Mendoza, with only a year mingled in the first circles of New York. After relating his adventures in the United States, this narrative conducts us to Madrid, to the *Royal Court of Spain*, revealing the secrets of the life of Queen Isabella. Price 15 cents.

And dark career of Henry Baldwin. By George Lippard. This narrative not only portrays the singular career of Esther Livingstone, and the crimes of Henry Baldwin, but the scenes in which they were actors in the Mannwick Case, are related by the wretched Baldwin, in a bold, truthful, but absorbing style. And the murder of Miss Annie Manly, in Charleston, on the night of her marriage, is in these pages terribly explained. Price 15 cts.

FireKing Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable from Fire, where as other makers' safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs A. McClure & Co, wholesale and extensive dealers in Drugs, Medicines, &c.
ALBANY, July 27, 1852

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c, was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr Pohlman subsequently entered at the peril of his life and closed the doors.

After cooling, the safe opened after all this exposure and fire which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.
A. McCLURE & CO
ALBANY, Dec 10, 1852

This is to certify that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.
F. J. CLAASSEN,
Importer of Wines Cigars, &c, Broadway, Albany

After an examination of F. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others.

This is to certify that on the 25th of September last we purchased of [illegible] Rice Esq, one of Mr J. McB. Davidson's Fire Kings (No 4 Single Flange), that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon and the indisputable testimony of the masses is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise.
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

in the [illegible] all
It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but applies [illegible] and elasticity to the limbs, before unknown thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps swellings and inflammations it is unrivaled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a perfect cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring bone, bruis, wind galls, big heads, bruises, strains, string halt, scratches, cracked heels sweeney, saddle, collar, or harness galls hard lumps and tumors film or other diseases of the eye, poll evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding all other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment
The small size retails for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large size I retail for one dollar per bottle,
The medium hold three times as much as the small

Therefore the largest bottles are the cheapest.

To the Citizens of the United States.—

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens and that I entertain for all that concerns America and the Americans the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York. THOMAS HOLLOWAY,
38 Corner of Ann and Nassau Streets, New York.

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps the most handsome in the World at a certain period lose their teeth and good looks while yet in the hey day of life. These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will run smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box.

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING

Captain John Johnston, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach, and was so reduced in strength, that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months, and he now enjoys the soundest health.

These celebrated Pills are wonderfully efficacious in the following complaints.—

Ague	Dropsy	Liver Complaints	Secondary Symptoms
Asthma	Dysentery	Lumbago	Tic Doloreux
Billious Complaints	Erysipelas	Piles	Tumours
Blotches on the Skin	Female Irregularities	Rheumatism	Ulcers
Bowel Complaints	Fevers of all kinds	Retention of Urine	Venereal Affections
Colics	Fits	Scrofula, or King's Evil	Worms of all kinds
Constipation of the Bowels	Gout	Sore Throats	Weakness from what ever cause, &c.
Consumption	Headache	Stone and Gravel	
Debility	Indigestion		
	Inflammation		
	Jaundice		

SOLD AT THE ESTABLISHMENT OF PROFESSOR HOLLOWAY 38, Corner of Ann and Nassau Streets, New York, also by all respectable Druggists and Dealers in Medicines throughout the United States in Boxes, at 37½ cents, 87 cents, and $1,50 cents each. To be had Wholesale of the principal Drug Houses in the Union.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Box.

PATENT MEDICINES

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr CURTIS for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man — It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.
BROOKLYN, N Y, Dec. 20th, 1853

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is, TRY IT.

CONSUMPTION CURED.
NEW YORK, Dec 27th 1853

I came to New York in the ship Telegraph, my native place is St. John, New Brunswick, when I reached this city, my health was very poor, had a very bad cough, raised a great deal of matter which was frequently mixed with blood, had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup and obtained a package, which I verily believe was the means of saving my life— Soon after wearing the Inhaler, I found it relieved the pressure on my lungs and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD

Sold by BOYD & PAUL, No 40 Cortlandt street, C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to Boyd & Paul or Curtis & Perkins New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10. feb7 1yd&w

MEDICATED INHALATION!

CONSUMPTION CAN BE CURED, AS TREATED BY

DR. E. N. TRIST,
WITH HIS CELEBRATED
HYGEN & OXYGENIC VAPOR!

DR. TRIST, Graduate of the Royal College of Surgeons in London and the recipient of diplomas from the Lung Institution of Edinburgh, and Hotel des Invalides of Paris, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and successful experiments in England and Scotland as well as other parts of Europe, with Consumption in all its forms, enable him to warrant, not only relief, but a complete cure to all those suffering with this great national disease.

Dr. TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction and would caution all against using the useless and dangerous compounds advertised by incompetent persons.

"Take up thy bed and walk."

Dr. TRIST would say to those interested that he has had manufactured, for the use of his patrons, his Patent Inhaling Tubes, through which the vapor is conveyed to the parts affected, and which he earnestly recommends for the cheering results which have attended their use, and the fact that they may be used by the most feeble in valids without any unpleasant symptoms.

To those residing out of the city, Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars and describing symptoms.

A cure is warranted in all stages of Consumption, Bronchitis, Asthma, and all other affections of the Throat, Lungs and Air Passages. In case of failure, the money will be returned.

A RARE CHANCE

For a Young Man with a Small Capital.

THE ADVERTISER being about to engage in another business is desirous of disposing of his Stock of Goods to some person wishing to engage in keeping a Country store.

The location is a good one. It is a long established and favorably known stand, in a Village about thirty miles from Milwaukee and within 15 miles of one of the Railroads connecting with that city. There is but one other store in the village keeping a general assortment. There are two Grist Mills, one Saw Mill, and one Turning Shop in the village. The Country around, from which trade is received, is some of the best in the State, and settled principally by Eastern people.

COOK STOVE,

I have sold the B. J. for the past three years. It has been thoroughly tested by thousands who will testify that it is the most complete Cook Stove that can be. I have four sizes of B. J. There is a summer attachment to the stove which will make half difference less of the amount of fuel used in the Summer season and does away with the unnecessary heat which other stoves make that have not the attachment. The oven is much larger than any other stove of the same size furniture. I warrant the stove to give complete satisfaction, if not, to be returned and money refunded. I will refer you to hundreds of the citizens of Milwaukee that are using the Stove.

ALBANY, July 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and so severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After cooling the safe open after all this exposure and fire which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

ALBANY, Dec 19, 1852.

This is to certify that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,

It is used by Mechanics and Laboring men

It is used in families and factories,

It is used expressly by all Express Companies,

It is used by Farmers and Livery stable keepers,

It is used by everybody, and all speak in its praise

Where it is used, pain cannot exist,

The benumbed limbs are made elastic,

The deep ulcers and frightful sores are healed,

The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but applies vigor and elasticity to the limbs, before unknown, thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammation it is unrivaled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days and the worst cases can be cured in a few weeks at the furthest. Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring bone, fistula, wind galls, big heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country store keeper

Who pretends to keep medicine at all,

But what keeps a constant supply of the

Mexican Mustang Liniment

The small size retail for 25 cents per bottle,

The medium sized retail for 50 cents per bottle,

The large size retail for one dollar per bottle,

The medium hold three times as much as the small.

The large holds nearly three times as much as the medium,

Therefore the largest bottles are the cheapest.

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach. Their skin, unless the most handsome in the World, is certainly not considered their health and good looks while yet in the hey day of life. PATENT MEDICINES

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853

For about eight years I have been severely afflicted with the Asthma, for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour to be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is, TRY IT. MARGARET EASTON.

CONSUMPTION CURED.

NEW YORK, Dec 27th 1853

I came to New York in the ship Telegraph, my native place is St. John, New Brunswick, when I reached this city, my health was very poor, had a very bad cough, raised a great deal of matter which was frequently mixed with blood, had pain in my left side, and was very weak and emaciated. My friends and physicians pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD

Sold by BOYD & PAUL, No 40 Cortlandt street, C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL or CURTIS & PERKINS, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10. feb1 1yd&w

MEDICATED INHALATION!

CONSUMPTION CAN BE CURED, AS TREATED BY

DR. E. N. TRIST,

WITH HIS CELEBRATED

HYGEN & OXYGENIC VAPOR!

DR. TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of diplomas from the *Lung Institution of Edinburgh*, and *Hotel des Invalides of Paris*, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and successful experiments in England and Scotland as well as other parts of Europe, with *Consumption in all its forms*, enable him to warrant, not only relief, but a cure to all those suffering with this great national disease.

Dr. TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction and would caution all against using the useless and dangerous compounds advertised by incompetent persons.

"Take up thy bed and walk."

Dr. TRIST would say to those interested that he has had manufactured, for the use of his patients, his *Patent Inhaling Tubes*, through which the vapor is conveyed to the parts affected, and which he strongly recommends for the checking results which have attended their use, and the fact that they may be used by the most feeble in valid without any unpleasant symptoms.

To those at a distance, Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars and a description of symptoms.

A cure is warranted in all stages of Consumption, Bronchitis, Asthma, and all other affections of the Throat, Lungs and Air Passages. In case of failure, the money will be returned.
